TO THE COUNCIL FOR TRADE IN GOODS**

Addendum

The Committee on Rules of Origin (CRO) has not held any meetings since December 2002. However the Chairman and Vice-Chairman of the CRO, at the request of the Chairman of the General Council, have conducted intense consultations with Members with regard to the Harmonization Work Programme. The General Council, at its meeting in December 2002, extended the deadline for the completion of negotiations on the 94 core policy issues until July 2003. The General Council also agreed that the CRO, following resolution of the core policy issues, should complete its remaining technical work by the end of 2003. The next meeting of the CRO is scheduled for 3 October 2003.
