## NOTIFICATION

### Addendum

The following communication by the United States is being circulated:

---

#### Mepiquat - Pesticide Tolerance

This EPA regulation (final rule) establishes a tolerance for residues of mepiquat (N,N-dimethylpiperidinium) in or on cottonseed at 2.0 parts per million (ppm); cotton, gin byproducts at 6.0 ppm; and meat byproducts of cattle, goat, hog, horse and sheep at 0.1 ppm. The petitioner requested these tolerances (previously notified as G/SPS/N/USA/519) under the Federal Food, Drug, and Cosmetic Act, as amended by the Food Quality Protection Act of 1996.

This regulation is effective 23 January 2002. Objections and requests for hearings must be received by EPA on or before 25 March 2002.

The full text of this addendum (final rule) is available from the address below. The text includes instructions for submitting objections and requests for hearings.
