Status Report Regarding Implementation of the  
DSB Recommendations and Rulings in the Dispute  
United States – Anti-Dumping Act of 1916  
(WT/DS136 and WT/DS162)

The United States submits this report in accordance with Article 21.6 of the *Understanding on Rules and Procedures Governing the Settlement of Disputes*.

On 26 September 2000, the Dispute Settlement Body (DSB) adopted its recommendations and rulings in *United States - Anti-Dumping Act of 1916* (WT/DS136 and WT/DS162). At the following DSB meeting on 23 October 2000, the United States informed the DSB of its intention to implement the recommendations and rulings of the DSB in connection with this matter.

As noted in our previous status reports, the United States submitted proposed legislation to the US Congress in its previous session that would repeal the 1916 Act and terminate all pending actions under the Act. Bills were introduced in both the House and Senate which provided for retroactive repeal of the 1916 Act.

The US Administration will continue to work with Congress to enact legislation, and will continue to confer with the European Communities and Japan in order to reach a mutually satisfactory resolution of this matter.
