NOTIFICATION

The attached notification concerning imports under tariff quotas during the calendar year 1995 (Table MA:2) was received from the Permanent Mission of **Mexico** on 22 November 1996.

The attached table does not include products in respect of which importers have not applied for quota licences because, autonomously and for the time being, better access conditions have been applied than those in Mexico's Schedule of Concessions for imports of such products (see Annex 1).
