SURVEY ON EMC/EMI

Replies to the Survey

Communication from India

The following communication, dated 30 July 2002, has been received from the Permanent Mission of India.

1. (a) **Does your government have mandatory technical requirements for electromagnetic interference of Information Technology equipment? If so, please identify.**

No.

- (b) **Are these requirements harmonized with CISPR 22? If not, please explain the current requirements.**

Voluntary based on CISPR22, FCC Part 15 and EN standards.

2. (a) **Does your government have mandatory technical requirements for electromagnetic immunity of Information Technology equipment? If so, please identify.**

No.

- (b) **Are these requirements harmonized with CISPR 24? If not, please explain the current requirements.**

Voluntary based on IEC/EN 61000 series standards.

3. (a) **What conformity assessment procedure for electromagnetic compatibility (EMC/EMI), which includes both interference and immunity, does your government require for approval of information technology products?**

Through test reports based on Testing by third party.

- (b) **May suppliers perform these procedures (e.g. testing, declaration of conformity), or must third parties perform these procedures?**

Third party performs test and issues test report to the supplier for conformity assessment in India and abroad.

./.

(c) What international guidelines or standards, if any, are those procedures based on? If not, what guidelines or standards are they based on ?

Guidelines or standards followed are FCC, CISPR, IEC/EN standards.

4. Has your regulatory authority received any complaint or had any problems regarding the EMC/EMI aspects of the approved information technology products? If yes, how frequent? And please identify the nature of the complaint/problem.

No EMC regulatory authority applicable in India.
