

**NOTIFICATION OF REPLIES TO THE QUESTIONNAIRE ON IMPORT  
LICENSING PROCEDURES FROM ROMANIA**

Questions from the UNITED STATES to ROMANIA<sup>1</sup>

The following communication, dated 15 May 2002, has been received from the Permanent Mission of the United States.

In G/LIC/N/2/ROM/3, Romania provided a list of products now subject to automatic licensing, but did not indicate if these measures are covered by the currently notified legislation and Romania's responses to the Import Licensing Questionnaire. No other information was given on the mechanics of this particular licensing system.

Is this a new system, or does Romania's previous documentation cover it?

Is automatic licensing the only means available to gain the required information for statistical purposes?
