Question Posed by the UNITED STATES Concerning the Article XVII Notification of BULGARIA¹

The following communication, was received 8 July 1997 from the Permanent Mission of the United States.

In document G/STR/N/1/BGR, Bulgaria indicates that it does not maintain any state trading enterprises pursuant to Article XVII. Could Bulgaria please explain whether the Fund Zurno continues its operations? What are the functions of the Fund Agriculture which was created in 1996?
