DOMESTIC SUPPORT: People's Republic of China

REPORTING PERIOD: 1993-1995

*Measures exempt from the reduction commitment - "Green Box"*

Measure type	Measure name	Calendar year	Monetary value of Measures	Data sources
1	2	3	4	5
			Million yuan	
(I) Other			0	
Total		1993	71567.8	
		1994	84173.7	
		1995	100865.7	
		average of 1993-1995	90649.4	

**Note:**

1 Research: general research and research programs relating to particular products, including soil and water conservation, plant and animal sciences, forestry, water conservancy, meteorology, and agricultural development, provided through different channels, such as the State Science and Technology Commission of China, the ministries of agriculture, forestry, water conservancy, meteorology

2 Expenditures on Agricultural Production and Administration: investment assistance in building and facility of institution and services, and salaries of technician and officials for agriculture, forestry, water conservancy, meteorology, agricultural machinery, including:

-- Pest disease control services, including general and product-specific pest and disease control measures through the Station of Plant Protection at the National, Provincial, Municipal/Prefectural and County levels.

-- Training services, including both general and specialist training facilities, through the agricultural education networks, such as agricultural universities and colleges, agricultural vocational education and adult education systems.

-- Extension and advisory services, including the provision of means to facilitate the transfer of information and the results of research to farmers, provided through CAAS (the Chinese Academy of Agricultural Sciences) which is an agency of the Ministry of Agriculture of China and has responsibility for agricultural research, planning and graduate training at the national level, and PASAS (the Provincial Academy of Agricultural Sciences), functioning under the provincial department of agriculture and focusing mainly on solving production problems, as well as Agro-Technical Extension Centres (ATEC) which operate at the National (NATEC), Provincial (PATTEC), Municipal/Prefectural (MATTEC), County (CATTEC) and Township (TATEC) levels.

-- Inspection services, including general inspection services and the inspection of particular products for health, safety, grading or standardization purposes, provided through

the Administration of Animal and Plant Quarantine and the Administration of Commodity Inspection.

--Marketing services, including improving market information and advice relating particular products, provided through the Department or Centre of Market and Information under the Ministry of Agriculture and the Provincial Department of Agriculture.

--Infrastructure services, including the small water conservancy and well drilling, sprinkling irrigation projects run by the villages, waste land reclamation, the rural township enterprises, afforestation and forest protection in rural areas, provided through the Ministry of Agriculture, the Ministry of Forestry, the Ministry of Water Conservancy, respectively.

3 Appropriations for Capital Construction: investment assistance in agricultural infrastructure services, including: dams and irrigation/drainage facilities, rural roads, and infrastructural works associated with environmental programs, provided through the State Planning Commission of China.

4 Agricultural Development Funds: a special investment assistance program for improvement of the medium- and low-yield lands to the higher yield category and to provide public services (such as irrigation, drainage, transport, ...) to increase agricultural productivity and production, included in Expenditure on Agricultural Production before 1995, provided by the Ministry of Finance.

5 Price Subsidies for Grain, Cotton and Edible Oil: Provide subsidies to the State Grain Company and the Supply and Marketing Cooperative for the purchase, stock, transports of grain, cotton and edible oil for food security purpose, through the Ministry of Domestic Trade.

6 Food Subsidies for the Increasing of Food Prices: Provide food subsidies to urban households for the increasing of food (such as meat products) prices, through government agencies and enterprises. The payments are provided by the Ministry of Finance.

7 Relief Funds for Natural Disasters and Rural Relief Funds: Provide payments, goods and material for relief from natural disasters, through the Ministry of Civil Affairs.

8 Rural Relief Funds: Provide payments, goods and material to "Five-Guarantee" households for relief from age, illness and disability, through the Ministry of Civil Affairs.

9 Expenditures Supporting Less-developed Regions for Agriculture: Investment assistance in agricultural infrastructure services and provide low-interest loan and appropriation for less-developed regions, provided through the Ministry of Finance.

10 Special Investment Assistance Program for the Agriculture of Three Western Poverty Prefectures: Investment assistance in agricultural infrastructure services and provide low-interest loan and appropriation for Dingxi Prefecture and Hexi Prefecture in Gansu Province as well as Xihai Prefecture in Ningxia Minority Autonomous Region, provided through the Agricultural Bank of China and the Ministry of Finance, respectively.

11 Financial Subsidies for Poverty-supporting Favored Loan (used in agriculture): Provide financial subsidies for low-interest loan used in agriculture under poverty-supporting programs, provided through the Ministry of Finance.

Current Total AMS (aggregate)	1993			-131140.0
	1994			-115962.9
	1995			-60937.7
	average of 1993-1995			-107404.5

---

**Note:**

<sup>14</sup> AMS should be not subject to reduction because it is less than 10 percent of the value of production (  $306.6 / 28152 = 1.09$  percent ), based on Part IV, Article 6, L. Text on Agriculture.

<sup>15</sup> AMS should be not subject to reduction because it is less than 10 percent of the value of production (  $1238.3 / 32670 = 3.79$  percent ), based on Part IV, Article 6, L. Text on Agriculture.

<sup>16</sup> AMS should be not subject to reduction because it is less than 10 percent of the value of production (  $1858.2 / 22443 = 8.27$  percent ), based on Part IV, Article 6, L. Text on Agriculture.

<sup>17</sup> AMS should be not subject to reduction because it is less than 10 percent of the value of production (  $24.1 / 1961 = 1.23$  percent ), based on Part IV, Article 6, L. Text on Agriculture.

<sup>18</sup> AMS should be not subject to reduction because it is less than 10 percent of the value of production (  $22.4 / 4042 = 0.55$  percent ), based on Part IV, Article 6, L. Text on Agriculture.

---

**Note:**

- <sup>19</sup> the State procurement price. There is a voluntary state contract procurement system for the major grains and cash crops in China. Farmers and State commercial departments are to negotiate purchase contracts before the planting season at the weighted average quota and above quota prices (State procurement price), which are set by government.
- <sup>20</sup> the negotiation price. State purchase grains at quota prices (the negotiation prices ) which are announced by government.
- <sup>21</sup> External reference price: recalculated based on Foreign Economic and Trade Yearbook of China.

**Data sources:**

- (1) Data in columns 4 and 6 from: MOA (Ministry of Agriculture), China Agricultural Development Report, 1996.
- (2) Data in columns 5 and 7 from: MDT (Ministry of Domestic Trade), Domestic Trade Yearbook of China.
- (3) Data in column 8 recalculated based on MFTTEC (Ministry of Foreign Trade and Economic Cooperation), Foreign Economic and Trade Yearbook of China.
