COMMUNICATION FROM CHINA

In preparation for the Working Party meeting to be held on 19-27 July 2000, the Chinese delegation has submitted the following revised¹ Annex 7a on Products Subject to Import Statutory Inspection, dated 13 July 2000.²

**Groupe de travail de
l'accession de la Chine**

COMMUNICATION DE LA CHINE

En vue de la réunion du Groupe de travail qui aura lieu du 19 au 27 juillet 2000, la délégation chinoise a communiqué la version révisée¹ ci-après de l'annexe 7a relative aux produits soumis à l'inspection à l'importation prévue par la loi, datée du 13 juillet 2000.²

**Grupo de Trabajo sobre la
Adhesión de China**

COMUNICACIÓN DE CHINA

Addendum

Para preparar la reunión del Grupo de Trabajo que se celebrará del 19 al 27 de julio de 2000, la delegación china ha presentado el siguiente anexo 7a revisado¹ sobre productos sometidos a la inspección reglamentaria de las importaciones, de fecha 13 de julio de 2000.²

¹ Former version of document issued in WT/ACC/CHN/18/Add.1./L'ancienne version a été distribuée sous la cote WT/ACC/CHN/18/Add.1./ La versión anterior del documento se ha distribuido con la signatura WT/ACC/CHN/18/Add.1.

Products Subject to Import Statutory Inspection
13 July 2000

No	Categories	H.S. CODE	Commodities	Relevant Standard		International & Foreign Standards Commonly Used	Legitimate Objectives and Justification	Department of Inspection Director	Departments of Inspection Performance	Notes
1	Glycerin	15200000	Glycerol crude, Glycerol waters & oil glycerol lyes	GB10287	Food additive-Glycerol ester of rosin and glycerol ester of partially hydrogenated rosin		1.Legal justification:the Law on Imp. & Exp. Commodity Inspection, the Law on Product Quality, and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
							2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the national technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
							3.This kind of products involve safety of people.Some items such as As,heavy metals and acid value,etc should be inspected to protect the human health.			
2	Apatite	25101010	Ungrounded apatites	GB 8921	Limit standard of radioactive Ra-226 in Phosphate fertilizer		1.Legal justification:the Law on Imp. & Exp. Commodity Inspection, the Environmental Protection Law, the Law on the Product Quality and the Standardization Law .	CIQ_SA	CIQ Branches	TBT
		25102010	Ground apatites				2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the national technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			

							3.The apatite ore contains radioactive elements so it involves environmental protection and human safety. Apatite is mainly used to produce phosphate fertilizer.			
3	Cement	25232900	Portland cement (excl. white)	GB/T 175	Portland cement and ordinary portland cement	ISO 680	1.Legal justification:the Law on Imp. & Exp. Commodity Inspection, the Law on Product Quality and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
		25239000	Other hydraulic cements, etc.	GB 12958	Composite portland cement	ISO 392	2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the national technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
		25231000	Cement clinkers	GB 13590	Steel and iron slag cement	ISO 393-2	3.The products involve the safety of people and property, e.g., strength, stability, etc.			
				GB 13693	Portland cement for road	ISO 393-3				
				GB 10238	Oil well cement	Consult and follow U.S.A. API SPEC 10				
4	Iron ores	26011100	Non-agglomerated iron ores & concentr o/t roasted iron pyrites	ISO 10836	Iron ores-Sample preparation and sampling methods for physical testing	ISO 10836	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection, the Environmental Protection Law and the Law on Product Quality.	CIQ_SA	CIQ Branches	TBT
		26011200	Agglomerated iron ores & concentrates o/t roasted iron pyrites	GB/T 1361	Analytical methods of ores-General and common rules	ISO 2596	2. The Law on the Product Quality stipulates that products safeguarding the health or safety of human life and property must meet relevant requirements			
		26012000	Roasted iron pyrites				3.This kind of products contain lots of harmful elements, e.g., Pb, which will release gases harmful to human being and also to the environment at combustion.			

							4. Anti-deceptive practices. According to the statistics of the year 1995 provided by Ningbo Imp. & Exp. Commodity Inspection Bureau (Which inspects 1/3 of the total imported iron ores in China), 53% of the batches of the imported iron ores inspected by the Bureau had lower iron contents.			
5	Manganese ores	26020000	Manganese ores & concentrates, with a manganese content of ≥20%	GB 5087	Test method standard for corrosivity of solid waste in nonferrous metal industry		1. Legal justification: the Law on Imp. & Exp. Commodity Inspection, the Environmental Protection Law and the Law on Product Quality and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
				GB/T 3713	Technical requirements of manganese dioxide ore powder for chemical industry		2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
							3. Its harmful contents shall not exceed the limits determined by the national environmental protection authorities.			
				GB/T 3714	Technical requirements of manganese carbonate ore powder		4. Anti-deceptive practices. It's reported the imported ores have lower iron content than inspection results coming from abroad and there's a deliberate adulteration sometimes.			
6	Copper ores	26030000	Copper ores & concentrates	GB 5087	Test method standard for corrosivity of solid waste in nonferrous metal industry		1. Legal justification: the Law on Imp. & Exp. Commodity Inspection, the Environmental Protection Law and the Law on Product Quality and the Standardization Law.	CIQ_SA	CIQ Branches	TBT

							2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
							3. Its harmful contents shall not exceed the limits determined by the national environmental protection authorities. It's reported that the As content in copper ores is so high as to exceed the limit determined by the national environmental protection authorities.			
							4. Anti-deceptive practices. It's reported the imported ores has lower iron contents than inspection results coming from abroad and there are deliberate adulteration sometimes.			
7	Zinc ores	26080000	Zinc ores & concentrates	GB 5087	Test method standard for corrosivity of solid waste in nonferrous metal industry		<p>1. Legal justification:the Law on Imp. & Exp. Commodity Inspection, the Environmental Protection Law and the Law on Product Quality and the Standardization Law.</p> <p>2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.</p> <p>3. Its harmful contents shall not exceed the limits determined by the national environmental protection authorities.</p> <p>4. Anti-deceptive practices. It's reported the imported ores has lower iron contents than inspection results coming from abroad and there are deliberate adulteration sometimes.</p>	CIQ_SA	CIQ Branches	TBT

8	Chromium ores	26100000	Chromium ores & concentrates	GB 5087	Test method standard for corrosivity of solid waste in nonferrous metal industry		1. Legal justification:the Law on Imp. & Exp. Commodity Inspection, the Environmental Protection Law and the Law on Product Quality and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
							2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
							3. Its harmful contents shall not exceed the limits determined by the national enviromental protection authorities. It's reported that the As content in copper ores is so high as to exceed the limit determined by the national enviromental protection authorities.			
							4.Anti-deceptive practices . According to the statistics provided by Liaoning Imp. & Exp. Commodity Inspection Bureau, for the 11000 tons of chromium ores imported in Nov.1995, the inspection result of Cr2O3 content at loading port was 52.23% and the Gr/Fe ratio was 2.62 while the inspection result of the two mentioned items at discharging port was respectively 49.12% and 2.47. For the 10498.125 tons of chromium ore imported in March, 1996, the inspection result of Cr2O3 content at loading port was 51.9% while that at discharging port was 49.08% .			
9	Coal	27011100	Anthracite, not agglomerated	GB 483	General rules for analytical and testing methods of coal	NEQ ISO 1170	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection, the Environmental Protection Law and the Law on Product Quality and the Standardization Law.	CIQ_SA	CIQ Branches	TBT

		27011210	Bituminous coking coal, not agglomerated	GB 189	Grain size classification of coal		2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
		27011290	Other bituminous coal, not agglomerated	GB/T 213	Determination of calorific value of coal		3. Coal contains lots of harmful elements, e.g., S,P,Pb, which will release gases harmful to human being and also to the environment at combustion.			
		27011900	Other coal, not agglomerated,	GB/T 214	Determination of total sulfur in coal	NEQ ISO 540				
				GB/T 216	Determination of phosphorus in coal	NEQ ISO R622				
10	Petroleum	27090000	Petroleum oils & oils obtained from bituminous minerals, crude	GB 11085 GB/T 2538 GB/T 6533	Loss of bulk liquid petroleum products Crude oils-test methods Crude petroleum-Determination of water and sediment-Centrifuge method		1. Legal justification:the Law on Imp. & Exp. Commodity Inspection, the Environmental Protection Law and the Law on Product Quality and the Standardization Law. 2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation. 3.This kind of products involve anti-deceptions.The quality indexes which will affect quality of products are moisture and density. And the sulfide will affect the environment.	CIQ_SA	CIQ Branches	TBT
11	Petroleum products	27100013	Naphtha	GB 13348	Safety rules of static electricity with relationto liquid petroleum products		1. Legal justification:the Law on Imp. & Exp. Commodity Inspection, the Environmental Protection Law and the Law on Product Quality and the Standardization Law.			TBT

		27100011	Gasoline, incl. aviation spirit	SINOPEC 002-87	Naphtha		2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.	CIQ_SA	CIQ Branches	
		27100023	Aviation kerosene	GB 1787	Gasoline for aviation		3.This kind of products involve enviromental protection and anti-deceptions.Its quality mainly depends on the flash point, viscosity, octane value, etc. The sulfide and nitrogen in these products will cause pollution to the environment.			
		27100024	Lamp-kerosene	GB 484	Gasoline for motor vehicles	NEQ BS 4040				
		27100031	Light diesel oil	GB 6537	No.3 jet fuel	NEQ ASTM D1655				
		27100033	Fuel oils No.5-7	GB253	Kerosene	NEQ ASTM D3669				
		27100039	Other diesel oils and other fuel oils	GB 252	Light diesel oil	NEQ VV-F-800				
		27100019	Other gasoline distillages	GB 445	Heavy diesel oil					
		27100053	Lubricating greases	GB 11120	Turbine oils L-TSA	NEQ SAEJ 183-87				
		27100054	Lubricating oils	GB 11121	Gasoline engine oils	EQV MIL-L-2104-F				
		27100056	Liquid paraffin and heavy liquid paraffin	GB 11122	Diesel engine oils L-ECC	NEQ SAE J183				
				ASTM D 3487	Specification for mineral insulating oil used in electrical apparatus	NEQ IEC 296				
				GB 491	Calcium base Lubricating grease	NEQ JIS K2220				
				GB 15179	Food machinery lubricating grease	NEQ DIN 51506				
				GB 492	Sodium base lubricating grease	ISO 6743				

12	Aluminum oxide	28182000	Aluminum oxide, o/artificial corundum	GB/T 8178	Alumina	ISO 1109	1. Legal justification: the Law on Imp. & Exp. Commodity Inspection, the Law on Product Quality . 2. The Law on the Product Quality stipulates that products safeguarding the health or safety of human life and property must meet relevant requirements. 3. This kind of products involve anti-deception.	CIQ_SA	CIQ Branches	TBT
13	Disodium carbonate	28362000	Disodium carbonate	GB210	Sodium carbonate for industrial use	ISO 2197	1. Legal justification: the Law on Imp. & Exp. Commodity Inspection, the Law on Product Quality and the Standardization Law. 2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation. 3. This kind of products involve anti-deceptions.	CIQ_SA	CIQ Branches	TBT
14	Phthalic anhydride	29173500	Phthalic anhydride	GB/T 15336	Phthalic anhydride	JIS K 4128	1. Legal justification: the Law on Imp. & Exp. Commodity Inspection, the Law on Product Quality . 2. The Law on the Product Quality stipulates that products safeguarding the health or safety of human life and property must meet relevant requirements. 3. This kind of products involve anti-deceptions.	CIQ_SA	CIQ Branches	TBT

15	6- Hexane-lactam	29337100	6-Hexanelactam (epsilon-caprolactam)	GB 13254	Caprolactam for industrial use	???? 7850	1. Legal justification: the Law on Imp. & Exp. Commodity Inspection, the Law on Product Quality and the Standardization Law. 2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation. 3. This kind of products involve anti-deceptions.	CIQ_SA	CIQ Branches	TBT
16	Nitrogenous fertilizer	31021000	Urea	GB2440	Urea	???? 2081	1. Legal justification: the Law on Imp. & Exp. Commodity Inspection, the Law on Product Quality, the Standardization Law and the specific regulations on imported fertilizers made by the State Council.	CIQ_SA	CIQ Branches	TBT
		31022100	Ammonium sulphate	GB 535	Ammonium sulphate	???? 9097	2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
		31023000	Ammonium nitrate	GB2945	Ammonium nitrate	BS 4276	3. This kind of products involve anti-deceptions. Furthermore, this kind of products involve environmental protection, biuret, free acid and Na ⁺ in fertilizer will do harm to the plants growing and lead to hardening of soil. All imported fertilizers shall be imported, accepted and sold under unified arrangements.			
		31025000	Sodium nitrate	GB/T 2946	Ammonium chloride	ISO 2520				

17	Phosphate fertilizer	31031000	Superphosphates	GB 10205	Monoammonium phosphate, diammonium phosphate(granular)	ISO 3360	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality, the Standardization Law and the specific regulations on imported fertilizers made by the State Council.	CIQ_SA	CIQ Branches	TBT
		28352900	Phosphates (excl. polyphosphates)			???? 19651	2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
		25101090	Ungrounded other natural calcium phosphates, etc,				3.This kind of products involve anti-deceptions. Furthermore, this kind of products involve environmental protection,biuret, free acid and Na+ in fertilizer will do harm to the plants growing and lead to hardening of soil. All imported fertilizers shall be imported, accepted and sold under unified arrangements.			
		25102090	Ground other natural calcium phosphates, etc,							
18	Potassium chloride	31042000	Potassium chloride	GB 6549	Potassium chloride	???? 4568	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality and the Law on Product Quality and the Standardization Law. 2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation. 3.This kind of products involve anti-deceptions.	CIQ_SA	CIQ Branches	TBT

19	Potassium sulphate	31043000	Potassium sulphate	GB 641	Potassium sulphate	???? 9097	1. Legal justification: the Law on Imp. & Exp. Commodity Inspection, the Law on Product Quality and the Law on Product Quality and the Standardization Law. 2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation. 3. This kind of products involve anti-deceptions.	CIQ_SA	CIQ Branches	TBT
20	Compound fertilizer	31052000	Mineral/chemical fertilizers with nitrogen, phosphorus & potassium	GB 15063	Compound fertilizer	???? 11365	1. Legal justification: the Law on Imp. & Exp. Commodity Inspection, the Law on Product Quality, the Standardization Law and the specific regulations on imported fertilizers made by the State Council.	CIQ_SA	CIQ Branches	TBT
		31053000	Diammonium hydrogenorthophosphate (diammonium phosphate)			???? 8515	2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
		31054000	Ammonium dihydrogenorthophosphate (monoammonium phosphate)				3. This kind of products involve anti-deceptions. Furthermore, this kind of products involve environmental protection, biuret, free acid and Na ⁺ in fertilizer will do harm to the plants growing and lead to hardening of soil. All imported fertilizers shall be imported, accepted and sold under unified arrangements.			
		31055100	Mineral or chemical fertilizers containing nitrates & phosphates							

		31055900	Mineral or chemical fertilizers with nitrogen & phosphorus,							
		31056000	Mineral or chemical fertilizers with phosphorus & potassium,							
		31059000	Other fertilizers,							
21	Perfumes	33030000	Perfumes & toilet waters	GB 7916	Hygienic standard for cosmetic		1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Regulations on the Supervision of Sanitation of Cosmetic and the Law on the Product Quality and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
				GB 7919	Procedures and methods of safety evaluation for cosmetics		2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
				GB 5296.3	Instruction for consumers-General labeling of cosmetics		3.This kind of products involve human health, e.g., Pb, As, Hg, methanol, preservative, color, aroma, clarity, etc.			
				QB/T1858	Perfumes and toilet waters					
				QB/T1684	Rules for inspection of cosmetics					
22	Cosmetics for skin	33041000	Lip make-up prep.s	GB 7916	Hygienic standard for cosmetic		1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Regulations on the Supervision of Sanitation of Cosmetic and the Law on the Product Quality and the Standardization Law.	CIQ_SA	CIQ Branches	TBT

		33042000	Eye make-up prep.s	GB 7919	Procedures and methods of safety evaluation for cosmetics		2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
		33043000	Manicure or pedicure prep.s	QB/T1684	Rules for inspection of cosmetics		3.This kind of products involve human health and sanitation, e.g., Pb, As, Hg methanol, preservative, color, aroma, pH, heat-resistance, cold-resistance etc.			
		33049100	Powders, whether or not compressed, for cosmetic/toilet use	QB/T11431	Lotion					
		33049900	Beauty, make-up, skin-care (incl. suntan),							
23	Cosmetics for beauty and hair-style	33051000	Shampoos	GB 7916	Hygienic standard for cosmetic		1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Regulations on the Supervision of Sanitation of Cosmetic and the Law on the Product Quality and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
		33052000	Preparations for permanent waving or straightening	GB 5296.3	Instruction for consumers-General labeling of cosmetics		2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
		33053000	Hair lacquers	QB/T1684	Rules for inspection of cosmetics		3.This kind of products involve human health and sanitation, e.g., Pb, As, Hg, methanol, preservative, color, aroma, heat-resistance, cold-resistance, pressure,leakage,etc.			

		33059000	Preparations for use on the hair,	QB1643	Hair lacquers					
				QB1644	Hair mousse					
24	Pesticide	38081019	Other insecticides, put up for retail sale		FAO methods are commonly adopted for commodity standards.	FAO	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Regulations on Management of Pesticides, the Law on Product Quality and the Environmental Protection Law and the Standardization Law.The producing, importing and using of the pesticides are managed strictly on the demand of our state government.	CIQ_SA	CIQ Branches	TBT
		38081090	Insecticides, not put up for retail sale		CIPAC methods are commonly adopted for inspection standards.	CIPAC	2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
		38081011	Mosquito-repellent incenses, put up for retail sale	GB 15670	Toxicological test methods of pesticides for registration		3.This kind of products involve human health and safety,pollution of environment and lead to deformation of animals and plants , and affect animals' life and health.			
		38083011	Herbicides, put up for retail sale	GB 8321.1~GB 8321.4	Guideline for safety application of pesticides(1-4)					
		38083019	Herbicides, not put up for retail sale	GB 3796	General rule for packaging of pesticides					
25	Polyethylene	39011000	Polyethylene having a specific gravity<0.94, in primary forms	GB 9691	Hygienic standard for polyethylene resin used as food packaging materials	ASTM D 1248	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Sanitation of Food and the Law on Product Quality and the Standardization Law.	CIQ_SA	CIQ Branches	TBT

		39012000	Polyethylene having a specific gravity=0.94, in primary forms	GB 11115	Low density polyethylene resin	ASTM D 4976	2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
		39013000	Ethylene-vinyl acetate copolymers, in primary forms	GB 11116	High density polyethylene resin	ISO 1872-1	3. The products are largely used in materials for food packaging, and involve human health and sanitation.			
		39019000	Other polymers of ethylene, in primary forms,							
26	Poly-propylene	39021000	Polypropylene, in primary forms	GB 9693	Hygienic standard for polypropylene resin used as food packaging materials	ASTM D4101	1. Legal justification: the Law on Imp. & Exp. Commodity Inspection, the Law on Sanitation of Food and the Law on Product Quality and the Standardization Law. 2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.	CIQ_SA	CIQ Branches	TBT
				GB 12670	Polypropylene resin		3. The products are largely used in materials for food packaging, and involve human health and sanitation.			

27	Polystyrene	39031100	Expansible polystyrene, in primary forms	GB 9692	Hygienic standard for polystyrene resin used as food packaging materials	ASTM D4549	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Sanitation of Food and the Law on Product Quality and the Standardization Law. 2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.	CIQ_SA	CIQ Branches	TBT
		39031900	Polystyrene (excl. expansible), in primary forms	GB 12671	Polystyrene resin		3.The products are largely used in materials for food packaging, and involve human health and sanitation.			
28	ABS copolymers	39033000	Acrylonitrile-butadiene-styrene (ABS) copolymers, in primary forms	GB 12672	Acrylonitrile-butadien-styrene(ABS)resin	ASTM D4673	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Sanitation of Food and the Law on Product Quality and the Standardization Law. 2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.	CIQ_SA	CIQ Branches	TBT
							3.The products are largely used in materials for food packaging, and involve human health and sanitation.			

29	Polyvinyl chloride	39041000	Polyvinyl chloride, not mixed with other substances, in primary forms	GB 4803	Hygienic standard for polyvinyl chloride resin used as food packaging materials	ASTM D1755	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Sanitation of Food and the Law on Product Quality and the Standardization Law. 2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.	CIQ_SA	CIQ Branches	TBT
							3.The products are largely used in materials for food packaging, and involve human health and sanitation.			
30	Polyethylene terephthalate	39076011	Polyethylene terephthalate slices or chips of High viscosity	GB/T 15597	Polymethyl methacrylate (PMMA) moulding marterials		1.Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality.	CIQ_SA	CIQ Branches	TBT
		39076019	Other polyethylene terephthalate slices or chips							
		39076090	Other primary polyethylene terephthalate				2. The Law on the Product Quality stipulates that products safeguarding the health or safety of human life and property must meet relevant requirements. 3. This kind of products involve anti-deception.			
31	Natural rubber	40011000	Natural rubber latex, in primary forms or in plates, sheets or strip	Green book	Grade, quality and packaging of natural rubber	Green book	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
		40012100	Smoked sheets of natural rubber	GB9743	Passenger car tyres	IDT ISO 1795	2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			

		40012200	Technically specified natural rubber, in primary forms/plates, etc.				3.This kind of products involve anti-deceptions. Main inspection items: ash content, impurities, nitrogen content, dry mould, resinous rust, virgin rubber, etc.It's reported that the unqualified rate of the imported rubber products is as high as 5%-15% every year.			
32	Tyre	40111000*	New pneumatic tyres, of rubber of a kind used on motor cars	GB 9744	Truck tyres	NEQ Fmvss 109	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality and the Standardization Law and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
		40112000*	New pneumatic tyres, of rubber of a kind used on buses or lorries	GB 7037	Retreading and repair of tyres		2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
		40119100	New pneumatic tyres, of rubber, , of herring-bone or similar tread	GB 7036	Inner tube of pneumatic tyres	NEQ Fmvss 109	3.Quality of tyres mainly depends on strength, durability, high-speed, off-ring, etc., which involve human safety.			
		40121010	Retreated tyres of rubber used on automobiles	GB 1191	Diagonal tyres for passenger cars	NEQ Fmvss 109				
		40122010	Used pneumatic tyres of rubber used on automobiles	GB518	Motorcycle tyres	NEQ Fmvss 109				
		40129020	Solid/cushion rubber tyres, etc., used on automobiles	GB/T 7034	Test method of high speed performance for passenger car tyres-Drum method	NEQ Fmvss 109				
		40131000	Inner tubes, of rubber of a kind used on motor cars, buses or lorries	GB/T 521	Measuring method of tyre peripheral dimensions	NEQ Fmvss 109				
		40114000*	New pneumatic tyres, of rubber of a kind used on motorcycles	GB/T 6327	Test method of strength for truck and bus tyres	NEQ Fmvss 119				
				GB/T 4501	Test method of endurance for truck and bus tyres-Drum method	NEQ Fmvss 119				

				GB/T 7035	Test method of high speed performance for light truck tyres-Drum method					
				GB 7037	Retreating and repair of tyres(Diagonal)					
				GB 7036	Inner tube of pneumatic tyres					
				GB 1191	Diagonal tyres for passenger cars					
				GB 518	Motorcycle tyres	NEQ JIS K 6366				
33	Hides/skins	41011000	Whole bovine hide/skin, dried=8kg, dry-saltd=10kg,fresh= 14 kg	GB 4693	Rules of examination of leather for acceptance	ISO 11645	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality and the Standardization Law and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
		41012100	Whole hides & skins of bovine animals, , fresh or wet-salted	GB/T 4690	Discrimination of the location of leather		2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
		41012900	Hides & skins of bovine animals, fresh or wet-salted,				3.This kind of products involve deception prevention.The important indexes which will influence the quality of the hides are the amount of anaerobic bacteria, the packaging and transportation(excessively hot), etc.			
		41013000	Hides & skins of bovine animals preserved but not tanned,							
		41021000	Raw skins of sheep or lambs, with wool on							
		41022100	Pickled skins of sheep or lambs, without wool, not tanned							
		41031010	Slabs of goats, fresh or preserved, not tanned							
		41031090	Other hides/skins of goats or kids, fresh or preserved, not tanned							

		41039010	Hides & skins of swine, fresh or preserved, not tanned							
		41039090	Other raw hides & skins, fresh or preserved, not tanned,							
34	Leather	41041000	Whole bovine skin leather, of surface area=2.6m2	GB 4693	Rules of examination of leather for acceptance	ISO 11645	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality and the Standardization Law and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
		41042100	Bovine leather, vegetable pre-tanned (excl. further prepared)	GB/T 4690	Discrimination of the location of leather		2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
		41042210	Chrome-tanned bovine leather				3.This kind of products involve health of human life.Cr, methanol, AZO dyes in leather, loose surface, tubular wrinkle, size-off are the key indexes in the manufacturing.			
		41042290	Bovine leather, otherwise pre-tanned,							
		41042900	Other bovine & equine leather, tanned (excl. leather of 41.08, 41.09)							
		41043990	Other bovine & equine leather, prepared after tanning,							
		41052000	Sheep or lamb skin leather, prepared after tanning							
35	Wood pulp	47010000	Mechanical wood pulp	GB/T 5399	Pulps-Determination of stock concentration-Rapid method	NEQ ISO 4119	1.Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality.	CIQ_SA	CIQ Branches	TBT
		47020000	Chemical wood pulp, dissolving grades	GB/T 12660	Pulps-Determination of drainability-'Canadian Standard'-Free method	NEQ ISO 5267-2	2. The Law on the Product Quality stipulates that products safeguarding the health or safety of human life and property must meet relevant requirements.			

		47031100	Unbleached coniferous chemical wood pulp, soda or sulphate,	GB/T 13507	Unbleached sulfite pulp		3.Anti-deceptive practices.This kind of products involve moisture content. The long-way transportation may make the moisture content change.then lead to weight shortage. It's reported that the unqualified lots of imported pulps are 10% , among which 90% are due to sub-standard moisture content.			
		47031900	Unbleached non-coniferous chemical wood pulp, soda or sulphate,							
		47032100	Semi-bleached or bleached coniferous chemical wood pulp, soda...,							
		47032900	Semi- or bleached non-coniferous chemical wood pulp, soda...,							
		47041100	Unbleached coniferous chemical wood pulp, sulfite,							
		47041900	Unbleached non-coniferous chemical wood pulp, sulfite,							
		47042100	Semi- or bleached coniferous chemical wood pulp, sulfite,							
		47042900	Semi- or bleached non-coniferous chemical wood pulp, sulfite,							
		47050000	Semi-chemical wood pulp							
		47061000	Cotton linters pulp							
		47069100	Mechanical pulp of fibrous cellulosic material (excl. wood)							
		47069200	Chemical pulp of fibrous cellulosic material (excl. wood)							
		47069300	Semi-chemical pulp of fibrous cellulosic material (excl. wood)							

36	Cigarette paper	48132000	Cigarette paper in rolls of a width=5cm	GB 12655	Cigarette paper	ISO 2965	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
		48139000	Cigarette paper,				2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation. 3.This kind of products involve the combustion-supporting agents harmful to human beings.			
37	Wool and goatwool	51011100	Greasy shorn wool, not carded or combed	GB1523	Wool		1?Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality and the Regulations of the State Council on Execution of Putting an End to Adulteration and Fake in Wool	CIQ_SA	CIQ Branches	TBT
		51011900	Greasy wool (excl. shorn), not carded or combed	FJ/T 423	National fine wool and improved native wool		2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
		51012100	Degreased shorn wool, not carbonized, not carded or combed	GB/T 14269	Sampling method for wool testing		3.The products have such problems as defective wool, low-grade, thick-fines, short-length,waste wool, stained wool and etc., which must be inspected to prevent deceptions.			
		51012900	Degreased wool (excl. shorn), not carbonized, not carded or combed							
		51013000	Carbonized wool, not carded or combed							
		51051000	Carded wool							

		51052100	Combed wool in fragments	FZ/T 21001	Combed wool tops					
		51052900	Wool tops & combed wool (excl. in fragments)	ZB /T W 23033	Combed goatwool					
		51053021	Dehaired goatwool, carded or combed							
38	Yarn of wool	51061000	Yarn of carded wool, not put up for retail sale, with=85% wool	FZ 71002	Yarn of carded wool		1?Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality .	CIQ_SA	CIQ Branches	TBT
		51071000	Yarn of combed wool, not put up for retail sale, with=85% wool	FZ 71001	Yarn of combed wool		2. The Law on the Product Quality stipulates that products safeguarding the health or safety of human life and property must meet relevant requirements.			
		51072000	Yarn of combed wool, not put up for retail sale, with<85% wool				3.Some problems as weight-shortage, overspun yarn and color fasts affect quality of woven products.Anti-deceptive practices.			
39	Cotton	52010000	Cotton, not carded or combed	GB 1103	Cotton(Fine fiber cotton)		1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
		52030000	Cotton, carded or combed				2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation. 3.The products have such problems as low-grade, thick-fines, short-length, low-strength and weight-shortage, etc.-Anti-deceptive practices.			
40	Cotton weave	52084100	Colored plain cotton weave, with=85% cotton,=100g/m2	GB5396.4	Instructions for use of products of consumer interest-Instructions for use of textiles and apparel		1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality and the Standardization Law.	CIQ_SA	CIQ Branches	TBT

		52084200	Colored plain cotton weave, with=85% cotton,>100g/m2				2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
		52084300	Colored 3 or 4-thread twill (incl. cross twill), with=85% cotton				3. Anti-deceptive practices.			
		52084900	Colored woven cotton fabrics, with=85% cotton,							
		52094100	Colored plain cotton weave, with=85% cotton,>200g/m2							
		52094200	Denim, with=85% cotton,>200g/m2							
		52094300	Colored 3 or 4-thread twill, with=85% cotton,>200g/m2							
		52094900	Colored woven cotton fabrics, with=85% cotton,>200g/m2							
		52082100	Bleached plain cotton weave, with=85% cotton,=100g/m2	GB/T 411	Printed and dyed cotton fabric					
		52082200	Bleached plain cotton weave, with=85% cotton,>100g/m2	GB 5326	Combed polyester/cotton printed and dyed fabrics					
		52082300	Bleached 3 or 4-thread twill (incl. cross twill), with=85% cotton	FJ/T 521	Printed and dyed woven cotton fabrics					
		52082900	Bleached woven cotton fabrics, , with=85% cotton	FZ/T 14001	Printed and dyed cotton fabric for garments					
		52083100	Dyed plain cotton weave, with=85% cotton,=100g/m2	FZ/T 14005	Polyester/viscose blended printed and dyed fabrics					

		52083200	Dyed plain cotton weave, with=85% cotton,>100g/m2							
		52083300	Dyed 3 or 4-thread twill (incl. cross twill), with=85% cotton							
		52083900	Dyed woven cotton fabrics, with=85% cotton,							
		52085100	Printed plain cotton weave, with=85% cotton,=100g/m2							
		52085200	Printed plain cotton weave, with=85% cotton,>100g/m2							
		52085300	Printed 3 or 4-thread twill (incl. cross twill), with=85% cotton							
		52085900	Printed woven cotton fabrics, with=85% cotton,							
		52093100	Dyed plain cotton weave, with=85% cotton,>200g/m2							
		52093200	Dyed 3 or 4-thread twill (incl. cross twill), with=85% cotton							
		52093900	Dyed woven cotton fabrics, with=85% cotton,>200g/m2,							
		52095100	Printed plain cotton weave, with=85% cotton,>200g/m2							
		52095200	Printed 3 or 4-thread twill, with=85% cotton,>200g/m2							
		52095900	Printed woven cotton fabrics, with=85% cotton,>200g/m2							
41	Chemical	54023111	Elastic filament of polyamides(of nylon-6),=50tex, not for retail sale	GB/T 14460	Polyester drawn textured yarn		1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality .	CIQ_SA	CIQ Branches	TBT

		54023112	Elastic filament of polyamides(of nylon-6,6),=50tex, not for retail sale							
		54023113	Elastic filament of polyamides(of aramides),=50tex, not for retail sale							
		54023119	Elastic filament of other nylon or other polyamides,=50tex, not for retail sale							
	filament	54023310	Elastic filament of polyesters, not for retail sale	GB/T 8960	Polyester drawn yarn		2. The Law on the Product Quality stipulates that products safeguarding the health or safety of human life and property must meet relevant requirements.			
		54021000	High tenacity yarn of nylon or other polyamides, nprs	ZB /T 52011	Filament of polyamides		3. The products have such problems as quality of stuck fiber and putting in waste fiber.--anti-deceptive practices			
		54022000	High tenacity yarn of polyesters, nprs	FZ/T 54002	High tenacity yarn of polyester					
		54023190	Other textured yarn of polyamides,=5tex, not for retail sale	FZ/T 54003	Textured yarn of polyester					
		54023390	Other textured yarn of polyesters, not for retail sale	GB/T 13758	Viscose filament yarn					
		54024200	Single yarn of partially oriented polyesters, with=50turns/m, nprs							
		54024300	Single yarn of polyesters, , with=50turns/m, nprs							
		55011000	Synthetic filament tow of nylon or other polyamides							
		55012000	Synthetic filament tow of polyesters							
		55091200	Multiple or cabled yarn,=85% staple fibres of nylon, etc., nprs							
		55013000	Synthetic filament tow, acrylic or modacrylic							

		55019000	Synthetic filament tow,							
		55020090	Other artificial filament tow							
		55020010	Cellulose diacetate filament tow							
42	Synthetic staple fibres	55031000	Synthetic staple fibres, of nylon or other polyamides not carded, etc.	GB/T 14462	Vinyl cut fibre		1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality .	CIQ_SA	CIQ Branches	TBT
		55034000	Synthetic staple fibres, of polypropylene, not carded, etc.	FZ/T 52003	Polypropylene staple fibre		2. The Law on the Product Quality stipulates that products safeguarding the health or safety of human life and property must meet relevant requirements.			
		55039000	Synthetic staple fibres, , not carded, etc.	GB/T 14464	Polyester staple fibre		3. The products have such problems as quality of stuck fiber and containing waste fiber.--anti-deceptive practices.			
		55041000	Artificial staple fibres, of viscose rayon, not carded, etc.	GB/T 14463	Viscose staple fibre					
		55049000	Artificial staple fibres, (excl. viscose), not carded, etc.	FZ/T 52001	Polyvinyl chloride staple fibre					
		55061000	Synthetic staple fibres, of nylon or other polyamides, carded, etc.	FJ/T 517	Acrylic staple fibre					
		55069000	Synthetic staple fibres, , carded, etc.							
		55070000	Artificial staple fibres, carded, combed or processed for spinning							
		55032000	Synthetic staple fibres, of polyesters, not carded, etc.							
		55033000	Acrylic or modacrylic synthetic staple fibres, not carded, etc.							
		55062000	Synthetic staple fibres, of polyesters, carded, etc.							
		55063000	Acrylic or modacrylic synthetic staple fibres, carded, etc.							

43	Cellulose diacetate	54033310	Single yarn of cellulose diacetate, not for retail sale	GB 5605			1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
				YC/T 26	Tows of cellulose diacetate		2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
					Acetate fibre filter rod		3.This kind of products are mainly used in the cigarette filters. The odororous acetone in acetate fibre will do harm to human beings.			
44	Woven fabrics	54071000	Woven fabrics of high tenacity yarn of nylon... or of polyesters	GB5396?4	Instructions for use of products of consumer interest-Instructions for use of textiles and apparel		1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality and the and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
		54072000	Woven fabrics obtained from synthetic strip or the like				2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
		55131110	Unblchd plain weave fabric,<85% polyester staple fib+cotton,=170g/m2				3.Anti-deceptive practices. And the products have such problems as weight-shortage, fabric defects, color difference of weaving fabric, etc., which seriously affect garment-making.			
		55131120	Bleachd plain weave fabric,<85% polyester staple fib+cotton,=170g/m2							

45	Safety glasses	70071190*	Toughened safety glass, for vehicles	GB 9656	Safety glasses for motor vehicles	NEQ ECE R43	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
	for motor	70072190*	Laminated safety glass, for vehicles	GB/T 5137.1	Test method of abrasion for safety glasses of motor vehicles	NEQ ECE R43	2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
	vehicles			GB/T 5137.2	Test method of optical for safety glasses of motor vehicles	NEQ ECE R43	3.This kind of products involve safety, e.g., mechanics and optics performances, high-temperature-resistance, and damp-resistance, etc.			
				GB/T 5137.3	Test method of resistance to radiation, high temperature, humidity and fire for safety glasses of motor vehicles	NEQ ECE R43				
				JC/T 632	Safety glasses for motor vehicles-Terminology	EQV ISO 3536-1				
46	Steel-hot-rolled plates	72081000	Flat rolled prod, i/nas, in coil, hr,w=600mm, patterns in relief	GB 713	Carbon and low alloy steel plates for boilers	ISO 2604/4	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on the Quality of Products and the Standardization Law	CIQ_SA	CIQ Branches	TBT
		72082500	Flat rolled prod, i/nas, in coil, hr,w=600mm, pickled, thk=4.75mm	GB 6653	Steel plates for welded gas cylinders	ISO 4978	2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			

		72082600	Flat rolled prod, i/nas, in coil, hr,w=600mm, pickled, 3mm=thk<4.75mm	GB 6654	Carbon and low alloy steel plates for pressure vessels	ISO 2604/4	3. This kind of products involve , safety of people, property or construction, etc. For example, the performance indexes (tensile strength, impact strength, hardness, content of harmful elements of the products) are essential to engineering or/and constructional designs.			
		72082700	Flat rolled prod, i/nas, in coil, hr,w=600mm, pickled, thick< 3mm	GB 3531	Technical requirements for low alloy steel plates for low temperature pressure vessels	ASTM A20	4. Since the welding technique of our country is not quite identical with that abroad, improper use of imported steel may leave hidden troubles to constructions or equipments.			
		72083600	Flat rolled prod, i/nas, in coil, hr,w=600mm, thick>10mm	GB 6655	Low alloy steel plates for layered pressure vessels	ISO 2604/4				
		72083700	Flat rolled prod, i/nas, in coil, hr,w=600mm, 4.75mm=thk<10mm	GB 712	Hull structural steel	ISO 6935-2				
		72083800	Flat rolled prod, i/nas,in coil, hr,w=600mm, 3mm=thk<4.75mm	ISO 3573	Hot-rolled carbon steel sheet of commercial and drawing qualities

		72284000	Bars & rods, as, o/t stainless, not further worked than forged							
		72285000	Bars & rods, as, o/t stainless, not further wkd than cld formed/fin							
		72286000	Bars & rods, as, o/t stainless,							

		72287010	Section steel or caterpillar block, as, o/t stainless							
		72287090	Angles, shapes & sections, as, o/t stainless,							
		72288000	Bars & rods, hollow drill, alloy or non-alloy steel							
53	Steel-Si-electricsteel	72251100	Flat rolled prd of Si-electrical steel,w=600mm, grain-oriented	GB 5212	Hot-rolled silicon steel sheets for electrical grade		1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on the Quality of Products and the Standardization Law	CIQ_SA	CIQ Branches	TBT
				GB 2521	Cold-rolled silicon steel sheets for electrical grade		2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
		72251900	Other flat rolled prd of Si-electrical steel,w=600mm	DIN 46400-T1	Non-oriented magnetic steel sheet and strip		3. This kind of products involve safety of people, property or construction, etc. For example, the performance indexes (tensile strength, impact strength, hardness, content of harmful elements of the products) are essential to engineering or/and constructional designs.			
				DIN 46400-T2	Grain-oriented magnetic steel sheet and strip		4. Since the welding technique of our country is not quite identical with that abroad, improper use of imported steel may leave hidden troubles to constructions or equipments.Silicone-electrical steel is used in motor and electrical equipments which will affect their performances.			
		72261100	Flat rolled prd, Si-electrical steel,w<600mm,grain-orientd	JIS C2553	Grain-oriented magnetic steel sheet and strip					
				JIS C2552	Non-oriented magnetic steel sheet and strip					

		72261900	Other flat rolled prd, Si-electrical steel,w<600mm							
54	Steel-Rail materials	73021000	Rails, iron'steel	GB 2585	Technical requirements for 38kg/m to 50kg/m steel rails for railway	ISO 1005-1	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on the Quality of Products and the Standardization Law	CIQ_SA	CIQ Branches	TBT
		73022000	Sleepers (cross-ties), iron'steel	GB 8601	Rolled solid wheels for railway	EQV ???? 1079	2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
		73023000	Switch blades/crossing frogs/point rods/oth crossing pieces,iron/stl	GB 8602	Rough-rolled tyres for railway	EQV ???? 398	3. This kind of products involve safety of people, property or construction, Safety of the railway, etc. For example, the performance indexes (tensile strength, impact strength, hardness, content of harmful elements of the products) are essential to engineering or/and constructional designs.			
		73024000	Fish plates & sole plates, iron'steel				4. Since the welding technique of our country is not quite identical with that abroad, improper use of imported steel may leave hidden troubles to constructions or equipments.			
		73029000	Rail'tramway construction material of iron'steel,							
		86071910	Axles of railway/tramway vehicles etc.							
		86071990	Wheels & parts , of railway/tramway vehicles							
55	Steel-Casings and pipes for oil gas	73042900	Casings/tubing pipe,i/s,smls,for use in drilling for oil'gas	API Std.5CT	Specification for tubes and couplings for petroleum industry	ISO 10400	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on the Quality of Products	CIQ_SA	CIQ Branches	TBT

		73052000	Casings,i/s,int/ext circ c sect,wld ext dia>406.4mm,o/g drill	GB/T 9253.2	Threads on casings and couplings for petroleum industry	ISO 10405	2. The Law on the Product Quality stipulates that products safeguarding the health or safety of human life and property must meet relevant requirements.			
		73062000	Casing/tubing,i/s,welded ,riveted'sim clsd,for o/g drilling	API Spec.7	Rotary drill equipment		3. This kind of products involve safty, e.g., safety of people, property or construction, etc. For example, the performance indexes (tensile strength, impact strength, hardness, content of harmful elements of the products) are essential to engineering or/and constructional designs.Should any accident resulted from quality defects of drill pipes or casing pipes occur during drilling operation, it would render well-drilling worthless.			
		73042100	Drill pipe,i/s,smls,for use in drilling for oil'gas	API Std.5B	Manufacture, test and inspection of threads on casings and couplings for petroleum industry		4. Since the welding technique of our country is not quite identical with that abroad, improper useof imported steel may leave hidden troubles to constructions or equipments.			
56	Steel-Geo casings/drill pipes	73043120	Geo casng/drill pipe, i/non alloy s, smls,circul cs, cold drw/rld	GB 3423	Seamless steel tubes for diamond core drilling	ISO 723	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on the Quality of Products and the Standardization Law	CIQ_SA	CIQ Branches	TBT
		73043920	Geo casin/drill pipe, i/non alloy s, smls, circ cs, not cld dr/rl	API Spec.7	Rotary drill equipment		2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
		73045120	Geo casing/drill pipe, alloy s o/t stnls,smls, circ cs, cold dr/rl				3. This kind of products involve safety of people, property or construction, etc. For example, the performance indexes (tensile strength, impact strength, hardness, content of harmful elements of the products) are essential to engineering or/and constructional designs.Should any accident resulted from quality defects of drill pipes or casing pipes occur during drilling operation, it would render well-drilling worthless.			

		73045920	Geo casng/drill pipe, alloy s o/t stnls,smls, circ cs,nt cld d/r,				4. Since the welding technique of our country is not quite identical with that abroad, improper use of imported steel may leave hidden troubles to constructions or equipments.			
57	Steel-Pipeline for oil	73051100	Pipe,line,i/s,longitudinal ly subm arc wld,int/ext cs,dia>406.4mm	GB/T 8163	Seamless steel tubes for liquid service	ISO 559	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on the Quality of Products	CIQ_SA	CIQ Branches	TBT
		73051200	Pipe,line,i/s,longitudinal ly wld w int/ext circ cs,ext dia>406.4mm				2. The Law on the Product Quality stipulates that products safeguarding the health or safety of human life and property must meet relevant requirements.			
		73051900	Pipe, line,i/s, int/ext circ cross sect, wld, ext dia>406.4mm,				3. This kind of products involve safty, e.g., safety of people, property or construction, etc. For example, the performance indexes (tensile strength, impact strength, hardness, content of harmful elements of the products) are essential to engineering or/and constructional designs.Pipes carrying oil and gas must be guaranteed of good quality to ensure safety of the construction.			
		73061000	Pipe,line,i/s,welded,rivet ed'sim closed,for o/g pipeline				4. Since the welding technique of our country is not quite identical with that abroad, improper useof imported steel may leave hidden troubles to constructions or equipments.			
58	Steel-Other tubes and pipe	73053100	Tubes & pipe, i/s, longitudinally welded, external dia>406.4mm,	GB 3087	Seamless steel tubes for low and medium pressure boiler	DIN 17175	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on the Quality of Products and the Standardization Law	CIQ_SA	CIQ Branches	TBT
		73053900	Tubes & pipe,i/s,welded,riveted'si m closed,ext dia>406.4mm	GB 3093	High-pressure seamless steel tubes for diesel engine	ISO 4093	2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			

		73059000	Tubes & pipe, i/s, riveted/sim closed, ext dia>406.4mm,	GB/T 3639	Cold-drawn or cold-rolled precision seamless steel tubes	ISO 3304	3. This kind of products involve safety of people, property or construction, etc. For example, the performance indexes (tensile strength, impact strength, hardness, content of harmful elements of the products) are essential to engineering or/and constructional designs. Most seamless tubes involve the safety of high-pressure equipments.			
		73069000	Tubes, pipe & hollow profiles, i/s, welded,	GB 5310	Seamless steel tubes for high-pressure boiler	ISO 9626	4. Since the welding technique of our country is not quite identical with that abroad, improper use of imported steel may leave hidden troubles to constructions or equipments.			
		73041000	Pipes, line, i/s, smls, of a kind used for oil/gas pipeli	GB/T 5312	Seamless carbon steel tubes for ship					
		73043190	Tubes, pipe..., i/non alloy s, smls, circular cs,cold dr/rl,	GB 6479	High-pressure seamless steel tubes for chemical fertilizer equipment	ISO 2604.2				
		73043990	Tubes, pipe..., i/non alloy s, smls, circular cs, not cld dr/rl	GB/T 8162	Seamless steel pipes for structural purposes	JIS G3444				
		73044190	Tubes, pipe, stainls steel, smls, circ cros sec , cold d/r,	GB 13296	Seamless stainless steel tubes for boiler and heat-exchanger	JIS G3463				
		73044990	Tubes, pipe..., stnls s, smls,circular cs,not cold dr/rl,	GB 9948	Seamless steel tubes for petroleum cracking	ISO 274				
		73045190	Tube/pipe., alloy s o/t stnls, smls, circ cs, cold d/r,	JIS G3429	Seamless steel tubes for high pressure gas cylinder					
		73045990	Tube/pipe., alloy s o/t stnls,smls, circ cs, not cold dr/rl,	ISO 1129	Steel tubes for broilers, superheated and heat exchangers-Dimensions, tolerances and conventional masses per unit length					
		73049000	Tubes, pipe & hollow profiles, i's, smls,	ASTM A210	Specification for seamless medium-carbon steel boiler and superheated tubes					
		73043110	Boiler tube/pipe, i/non alloy s, smls, circular cs, cold drw/rld	JB/T 1611	Manufacturing technical requirements for tubes of boiler					

		73043910	Boiler tube/pipe, i/non alloy s, smls, circular cs, not cld dr/rl	JB/T 1613	Welding technical requirements for pressure parts of boilers					
		73044110	Boiler tube/pipe, stains steel, smls, circ cs, cold d/r	JB/T 1618	Manufacturing technical requirements for pressure parts of shell boiler					
		73044910	Boiler tube/pipe, stnls s, smls,circular cs, not cold draw/rold	JB/T1619	Assembly technical requirements for shell boilers					
		73045110	Boiler tube/pipe, alloy s o/t stnls, smls,circ cros sec, cold dr/rl	JB 2816	Technical requirements for industrial boilers					
		73045910	Boiler tube/pipe, alloy s o/t stnls, smls, circ cs, not cld d/r,							
59	Containers for	73110010*	Containers for compressd/liquefied gas, i's, for retail packng	GB 150	Steel pressure vessels	ASME ?-1	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection, the Law on Product Quality ,the Standardization Law andthe Regulations on Supervisions of Boiler and Pressure Vessels,the Provisions on Supervision Control of Boiler Pressure Vessels for Import and Export.	CIQ_SA	CIQ Branches/ BPVSA	TBT
	compressed or liquefied gas	73110090*	Containers for compressd/liquefied gas, i's, not for retail packng	GB 151	Steel tubular heat exchanger	TEMA	2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
		87049000	Trucks	RULES	Testing rules for safety of cylinders		3.This kind of products involve safety of persons and machinery, inspection should be done to be prevent explosion.			
		87163190*	Tanker trailers & semi-trailers	RULES	Testing rules for safety of cars for liquefied gas					
				RULES	Rules for safety control of liquefied gas tank cars					
				GB 10478	Specification for liquefied gas tank cars					

				GB 5099	Seamless steel gas cylinders	ISO 4705				
				GB 5100	Welded steel gas cylinders	ISO 4706				
				GB 5842	Liquefied petroleum gas cylinders					
				GB 11638	Dissolved acetylene cylinders	ISO 3807				
				GB 11640	Seamless aluminium alloy gas cylinders					
60	Steel wire ropes	73121000	Stranded wire,ropes & cables of i's,not electrically insulated	GB 8903	Steel wire ropes for lift	ISO 4344	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on the Quality of Products and the Standardization Law	CIQ_SA	CIQ Branches	TBT
				GB/T 352	Locked coil wire rope	DIN 779	2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
				GB/T 5224	Steel strand for prestressed concrete	BS 5896	3.This kind of products involve safety of persons, properties and constructions.			
				GB/T 8918	Quality steel wire rope	ISO 2408;3178				
				GB 8901	Steel wire rope for aircraft controls	ISO 2020				
				GB 8902	Steel wire rope for aeronautical use	???? 2172				
				GB 8904	Steel wire for elevator ropes	ISO 3189-1				
61	Cu	74020000	Cu unrefined, Cu anodes for electrolytic refining	GB 16487.6	Environment protection control standard for imported 'scrap material-Iron and steel scraps		1. Legal justification:the Law on Imp. & Exp. Commodity Inspection, the Environmental Protection Law, the Law on Prevention of Pollution of Water, the Law on Prevention and Control of Pollution by Environmental Noise and the Law on Prevention and Control of Pollution of the Atmosphereand the Standardization Law.	CIQ_SA	CIQ Branches	TBT

		74011000	Cu mattes	GB 16487.7	Environment protection control standard for imported scrap material-Non-ferrous metal scraps		2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
							3.This kind of materials may contain daily waste and radioactive matters.			
62	Al	76011000	Al unwrought, not alloyed	GB 12768	Electrical aluminium ingots for remelting		1. Legal justification:the Law on Imp. & Exp. Commodity Inspection, the Standardization Law	CIQ_SA	CIQ Branches	TBT
				GB/T 1197	Unalloyed aluminium ingots for wires		2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
				GB/T 8644	Refined aluminium ingots for remelting	11069	3.To prevent deceptions.			
				GB/T 1196	Unalloyed aluminium ingots for remelting					
63	Al alloy and plates	76042100	Profiles, hollow, Al, alloyed	GB 11333	Hygienic standard for aluminium-wares for food		1. Legal justification:the Law on Imp. & Exp. Commodity Inspection, the Standardization Law	CIQ_SA	CIQ Branches	TBT
		76042900	Bars, rods & other profiles, Al alloyed	GB 1179	Aluminum stranded conductors and aluminium conductors, steel-reinforced		2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			

		76061120	Plate/sheet/strip, Al, not alloyed, rect'sq, 0.3mm=thick=0.36mm	GB/T 3191	Extrusion rods and bars of aluminium and aluminium alloy	ASTM B221	3.To prevent deceptions.			
		76061190	Other plate/sheet/strip, Al, not alloyed, rect'sq, thick>0.2mm,	GB/T 3192	High strength extrusion rods and bars of aluminium and aluminium alloy	ASTM B221				
		76061220	Plate, sheet'strip, Al alloy, rect'sq, 0.2mm<thick<0.28mm	GB/T 3193	Hot-rolled sheets of aluminium and aluminium alloy	DIN 1745				
		76061230	Plate, sheet'strip, Al alloy, rect'sq,0.28mm=thick=0.35mm							
		76061240	Plate, sheet'strip, Al alloy, rect'sq, thick>0.35mm,							
		76069200	Plate, sheet'strip, Al alloy, >0.2mm thick,							
		76082000	Tubes & pipe, Al alloy							
		76012000	Al unwrought, alloyed							
64	Al foil	76071100	Foil, Al, not backed, rolled but not further worked,=0.2mm	GB 3198	Aluminium foil for industrial use	NF ASO 471	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on the Quality of Products and the Standardization Law	CIQ_SA	CIQ Branches	TBT
		76071900	Foil, Al, not backed & not >0.2mm thick,	GB 10570	Patterned, laminated, coated and colored aluminium	JIS Z1520	2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
		76072000	Foil, Al, backed, not >0.2mm thick excluding any backing				3. This kind of products involve safety of electrical appliances, communication equipments and food packaging, etc.			
65	Al stranded wire	76141000	Al stranded wire, cable, etc, with steel core,not elect insulatd	GB 2331.3	Splicing sleeve (circular) for aluminium stranded conductors	IEC 104	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection, the Standardization Law	CIQ_SA	CIQ Branches	TBT

		76149000	Al stranded wire,cable, etc, not elect insulatd	GB 2331.4	Splicing sleeve (circular) for aluminium conductors steel-reinforced	IEC 105	2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
				GB 5585.3	Copper or aluminium and its alloy bus bars for electrical uses-Part 3:Aluminium bus bars		3.To prevent deceptions.			
66	Zinc	79011100	Zinc not alloyed unwrought containing by weight=99.99% of zinc	GB/T 470	Zinc ingots		1.Legal justification: the Law on Imp. & Exp. Commodity Inspection, the Law on Product Quality.	CIQ_SA	CIQ Branches	TBT
							2. The Law on the Product Quality stipulates that products safeguarding the health or safety of human life and property must meet relevant requirements.			
				GB/T 6890	Zinc powder		3.To prevent deceptions.			
67	Safe-guarding products	83030000*	Safes,safe deposit lockers,strong boxes & the like of base mtl	GB 10409	Burglary resistant safes		1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on the Quality of Products and the Standardization Law	CIQ_SA	CIQ Branches/ BPVSA	TBT
				GB 10408.1	general specifications for intrusion detectors		2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the national technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
				GB 10408.3	Microwave intrusion detectors		3.This kind of products involve safety of people and property, electric safety, machinery safety, microwave radioactivity and fire prevention.			
				GB 10408.4	Active infrared intrusion detectors					

				GB 10408.5	Passive infrared intrusion detectors					
				GB 12663	General specifications for burglar-alarm control units					
				GB 10408.6	Combination microwave and passive infrared intrusion detectors					
				GA 2	General technical requirements of burglar resistant and alarming detector for motor vehicles					
				GA 3	Portable burglary resistant safety boss					
				GB 12899	Specification for hand-held mental detectors					
68	Boilers and auxiliary equipments	84021110*	Watertube boilers for electricity, steam production=900T per hour	GB 150	Steel pressure vessels		1. Legal justification:the Law on Imp. & Exp. Commodity Inspection, the Law on Product Quality,the Regulations on the Supervision of the Safety of Boilers Pressure Vessels,the Provisions on Supervision and Control of Boiler Pressure Vessels for Import and Export, and General Requirements for safety Quality of Boilers and General Requirements for Safety Quality of Pressure Vessels by the Ministry of Labor and the Standardization Law.	CIQ_SA	CIQ Branches/ BPVSA	TBT
		84021190*	Other watertube boilers with a steam production>45T per hour	Rules	Testing rules for safety technology of vapor generating boilers	NEQ TRD(Germany)	2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
		84021200*	Watertube boilers with a steam production not >45T per hour	Rules	Testing rules for safety technology of hot-water boilers	NEQ TRD(Germany)	3. This kind of products involve safety of persons and machinery,inspections should be done to prevent explosion.			
		84021900*	Vapour generating boilers , including hybrid boilers	Rules	Testing rules for safety technology of organic heat-carrier boilers	NEQ TRD(Germany)				

		84022000*	Super-heated water boilers	GB 9222	Strength calculation of pressure parts for watertube boilers					
		84031000*	Central heating boilers	GB/T 16508	Strength calculation of pressure parts for organic heat-carrier shell boilers					
		84041010	Auxiliary plant for use with generating boilers of 84.02	JB Z 201	Copper or aluminium and its alloy bus bars for electrical uses-Part 3:Aluminium bus bars					
		84041020	Auxiliary plant for use with generating boilers of 84.03	JB/T 1609	Manufacturing technical requirements for cylinders of boiler					
		84814000*	Valves, safety'relief	JB/T 1610	Manufacturing technical requirements for chambers of boiler					
		84818090*	Taps, cocks & similar appliances,	JB/T 1611	Manufacturing technical requirements for tubes of boiler					
				JB/T 6696	Technical requirements for boilers for electricity					
				JB/T1613	Welding technical requirements for pressure parts of boilers					
				JB/T 1618	Manufacturing technical requirements for pressure parts of shell boiler					
				JB/T 1619	Assembly technical requirements for shell boilers					
				JB 2816	Technical requirements for industrial boilers					
69	Condensers	84042000	Condensers for steam'vapour power units	GB 150	Steel pressure vessels		1. Legal justification:the Law on Imp. & Exp. Commodity Inspection, the Law on Product Quality,the Regulations on the Supervision of the Safety of Boilers Pressure Vessels,the Provisions on Supervision and Control of Boiler Pressure Vessels for Import and Export, and General Requirements for safety Quality of Boilers and General Requirements for Safety Quality of Pressure Vessels by the Ministry of Labor and the Standardization Law.	CIQ_SA	CIQ Branches	TBT

				GB 5083	General rules for designing the production facilities		2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
				GB 10476	Technical requirements for high pressure condenser of urea		3.This kind of products involve safety of persons and machinery,inspections should be done to prevent explosion.			
70	Water gas generators	84051000	Producer gas'water gas generators acetylene gas gen & sim gas gen	GB 150 GB 12337 GB 11638	Steel pressure vessels Steel spherical tanks Dissolved acetylene cylinders		1. Legal justification:the Law on Imp. & Exp. Commodity Inspection, the Law on Product Quality,the Regulations on the Supervision of the Safety of Boilers Pressure Vessels,the Provisions on Supervision and Control of Boiler Pressure Vessels for Import and Export, and General Requirements for safety Quality of Boilers and General Requirements for Safety Quality of Pressure Vessels by the Ministry of Labor and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
							2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
							3.This kind of products involve safty safety of persons and machinery,inspections should be done to prevent explosion.			

71	Engines	84073100	Engi , spark-igni reciprocating, f vehcl Ch 87, = 50cc	GB 9486	Diesel engine-Exhaust smoke measurement method at steady state	NEQ ???? 19025	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality, the Environmental Protection Law, the Law on Prevention and Control of Pollution by Environmental Noise and the Law on Prevention and Control of Pollution of the Atmosphere and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
		84073200*	Engi , spark-igni reciprocating, for vehcl Ch 87,>50cc but=250cc	GB 14097	Noise limits for small and medium power diesel engi					
		84073300	Engi , spark-igni reciprocating, f vehcl Ch 87,>250cc to 1000cc	GB 14023	Limits and methods of measurement of radio interference characteristics of vehicles, motor boats and spark-ignited engine-driven devices	IDT IEC /CISPR PUB.12	2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
		84073410	Engi , spark-igni reciprocating,f vehcl Ch 87, >1000cc but=3000cc	GB 5360	Technical requirements for motorcycle gasoline engi		3.This kind of products involve exhaust gases from motor vehicles , noise, and electromagnetic compatibility which will affect the working of other electrical equipment.			
		84073420	Engi , spark-igni reciprocating, for vehicl Ch 87, >3000cc	GB/T 5363	Method of bed test of gasoline engi for motorcycles and mopeds					
				GB/T 4569	Measurement of noise emitted by motorcycles and mopeds	NEQ ISO 362, ISO 9645,ISO 513				
72	Compressors	84143011*	Compressors for refrige/freezer,motor power=0.4kw	GB 4706.1	Safety of household and similar electrical appliances-General requirements	EQV IEC 335-1	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality, the Environmental Protection Law, the Law on Prevention and Control of Pollution by Environmental Noise and the Standardization Law.	CIQ_SA	CIQ Branches	TBT

		84143012*	Compressors for refrige'freezer, 0.4kw< motor power=5 kw	GB 4706.17	Safety of household and similar electrical appliances-Particular requirements for motor-compressors	EQV IEC 335-2-34	2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
		84143013*	Compressors for airconditioner, 0.4kw < motor power =5kw	GB 7786	Limits of sound power level for noise emitted by air compressors (for power source use) and diaphragm compressors		3.This kind of products involve safety of electrical appliances and machinery, noise and the electromagnetic compatibility which will affect the working of other electrical equipment.			
		84143014*	Compressors for airconditioner, motor power>5 kw	GB 13326	Noise limit of central station air handling units					
		84143019	Compressors driven by a motor,							
73	Fans	84145110	Ceiling/roof fans, with a built-in electric motor of output=125 W	GB 4706.1	Safety of household and similar electrical appliances-General requirements	EQV IEC 335-1	1. Laws and regulations refereed to:the Law on Product Quality, the Environmental Protection Law, the Law on Prevention and Control of Pollution by Environmental Noise and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
		84145120	Window fans, with a built-in electric motor of output=125W	GB 4706.27	Safety of household and similar electrical appliances-Particular requirements for electric fans and regulators	IDT IEC 342-1	2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
		84145191	Table fans, with a built-in electric motor of output=125W				3.This kind of products involve safety of electrical appliances and machinery, noise and the electromagnetic compatibility which will affect the working of other electrical equipment.			

		84145192	Floor fans, with a built-in electric motor of output=125W							
		84145193	Wall fans, with a built-in electric motor of output=125W							
		84145910	Other ceiling/roof fans,							
		84145920	Other window fans,							
		84145990	Other fans,							
74	Air conditioner	84151000*	Air conditioning machinery window'wall types, self-contained	GB 4706.1	Safety of household and similar electrical appliances-General requirements	IDT IEC 335-1	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality, and the Environmental Protection Law and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
		84152000	Air conditioning machinery used for persons in motor vehicles	GB 4706.32	Safety of household and similar electrical appliances-Particular requirements for air-conditioners	IDT IEC 335-2-40	2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
		84158110*	Air-conditioner ,with refr=4000 Kcal/h &cool/heat cycle rev valve				3.This kind of products involve electric safety, machinery safety and fire prevention.			
		84158120*	Air-conditioner ,with refr>4000 Kcal/h &cool/heat cycle rev valve							
		84158210*	Air-conditioner , with refrigerating unit, =4000 Kcal/h							
		84158220*	Air-conditioner , with refrigerating unit,>4000 Kcal/h							
		84158300	Air conditioner, not incorporating refrigerating unit							

75	Furnaces/ovens for heat-treat	84171000	Furnaces/ovens n-elec for heat-treat of ores, pyrites, metals	GB 4706.1	Safety of household and similar electrical appliances-General requirements	EQV IEC 335-1	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality,the Environmental Protection Law, the Law on Prevention and Control of Pollution by Environmental Noise,and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
		84178090	Industrial/lab furnaces/ovens, non-electric,	GB 4706.14	Safety of household and similar electrical appliances-Particular requirements for roasters, toasters, waffle irons and similar appliances	NEQ IEC 335-2-9	2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
							3.This kind of products involve safety and electromagnetic compatibility which will affect the working of other electrical equipment.			
76	Coke furnace	84178010	Coke furnace	GB 9078	Standard of smoke and dust emission for industrial kiln and furnace		1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality, the Environmental Protection Law, and the Law on the Prevention and Control of Atmosphere Pollution and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
							2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
							3.This kind of products involve safety and environmental protection.			

77	machinery for radioactive waste	84178020	Incinerators for radioactive waste	GB 9134	Technical rules about solid radioactive waste processing system for light water reactor plants	NEQ ANSI/ANS55.1	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality, the Environmental Protection Law, and the Law on the Prevention and Control of Atmosphere Pollution and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
		84798950	machinery for squeezing radioactive waste	GB 9135	Technical rules about liquid radioactive waste processing system for light water reactor plants	NEQ ANSI/ANS55.6	2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
				GB 9136	Technical rules about gaseous radioactive waste processing system for light water reactor plants	NEQ ANSI/ANS55.4	3.This kind of products involve safety and environmental protection.			
78	Refrigerators	84182100*	Refrigerators, household type, compression-type	GB 4706.1	Safety of household and similar electrical appliances-General requirements	EQV IEC 335-1	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality, the Environmental Protection Law, the Law on Prevention and Control of Pollution by Environmental Noise and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
		84183010	Freezers of chest type, capacity=800 l , T=-40?	GB 4706.13	Safety of household and similar electrical appliances-Particular requirements for refrigerators and freezers	IDT IEC 335-2-24	2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
		84182900*	Refrigerators, household type,				3.This kind of products involve safety of persons ,property and electromagnetic compatibility which will affect the working of other electrical equipments.			

		84181020*	Combined refri-freezers, with separate expenal doors,200l<capacity =500 l							
		84181030*	Combined refri-freezers, with separate expenal doors,capacity =200 l							
		84183029*	Freezers of chest type,capacity=500L, T>-40?							
		84184010	Freezers of upright type,capacity=900L, T=-40?							
		84184029*	Freezers of upright type,capacity=500L, T>-40?							
		84185000	Other refrigerating'freezing chests,cabinets,display counters,etc							
79	Sterilizers	84192000	Medical, surgical'laboratory sterilizers	GB 4706.23	Safety of household and similar electrical appliances-Particular requirements for room-heaters	EQV IEC 335-2-30	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality, the Environmental Protection Law.	CIQ_SA	CIQ Branches	TBT
				GB 4706.1	Safety of household and similar electrical appliances-General requirements	EQV IEC 335-1	2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
							3.This kind of products involve safety of persons ,property and electromagnetic compatibility which will affect the working of other electrical equipments.			
80	Dryers	84193100	Dryers for agricultural products	GB 4706.23	Safety of household and similar electrical appliances-Particular requirements for room-heaters	EQV IEC 335-2-30	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality, the Environmental Protection Law and the Standardization Law.	CIQ_SA	CIQ Branches	TBT

		84193200	Dryers for wood, paper pulp, paper'paperboard	GB 4706.1	Safety of household and similar electrical appliances-General requirements	EQV IEC 335-1	2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
		84193900	Non-domestic, non-electric dryers				3.This kind of products involve safety of persons ,property and electromagnetic compatibility which will affect the working of other electrical equipments.			
81	Distilling devices	84194000	Distilling'rectifying plant	GB 4706.19	Safety of household and similar electrical appliances-Particular requirements for liquid-heaters	EQV IEC 335-2-15	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality, the Environmental Protection Law and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
				GB 4706.1	Safety of household and similar electrical appliances-General requirements	EQV IEC 335-1	2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
							3.This kind of products involve safety of persons ,property and electromagnetic compatibility which will affect the working of other electrical equipments.			
82	Heat exchange units	84195000	Heat exchange units, non-domestic, non-electric	GB 4706.1	Safety of household and similar electrical appliances-General requirements	EQV IEC 335-1	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality, the Environmental Protection Law and the Standardization Law.	CIQ_SA	CIQ Branches	TBT

							2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
							3.This kind of products involve safety of persons and property,electromagnetic compatibility which will affect the working of other electrical equipments.			
83	Oxygen-making machinery	84196010	Oxygen-making machinery	GB 13326	Noise limit of central station air handling units		1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality, the Environmental Protection Law, the Law on Prevention and Control of Pollution by Environmental Noise and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
				GB 4706.1	Safety of household and similar electrical appliances-General requirements	EQV IEC 335-1	2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
							3.This kind of products involve safety ,noise and electromagnetic compatibility which will affect the working of other electrical equipments.			
84	machinery for liquefying air and other gases	84196090	machinery for liquefying air and other gases,	GB 4706.17	Safety of household and similar electrical appliances-Particular requirements for motor-compressors	EQV IEC 3355-2-34	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality, the Environmental Protection Law, the Law on Prevention and Control of Pollution by Environmental Noise and the Standardization Law.	CIQ_SA	CIQ Branches	TBT

				GB 4706.1	Safety of household and similar electrical appliances-General requirements	EQV IEC 335-1	2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
							3.This kind of products involve safety ,noise and electromagnetic compatibility which will affect the working of other electrical equipments.			
85	machinery for food and drinks processing	84198100	machinery for makng hot drinks/cooking or heating food,non domestic	GB 4706.4	Safety of household and similar electrical appliances-Particular requirements for electrical kettles	NEQ IEC 335-2-15	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality, the Environmental Protection Law and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
				GB 4706.30	Safety of household and similar electrical appliances-Particular requirements for electrical food processors	EQV IEC 335-2-14	2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
				GB 4706.1	Safety of household and similar electrical appliances-General requirements	EQV IEC 335-1	3.This kind of products involve electrical , mechanical safety and radioactivity.			
				GB 4706.3	Safety of household and similar electrical appliances-Particular requirements for electrical food blenders and similar appliances	NEQ IEC 335-2-4				
86	Utensils and Equipment Used for Food	84222000	Machinery for cleaning or drying bottles or other containers	GB16798	Requirements of safety and sanitation for food machinery		1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality, Food Hygiene Law and the Standardization Law.	CIQ_SA	CIQ Branches	TBT

		84223010	Bottling or canning machinery for beverages or liquid food	GB12073	Security and sanitary standard for dairy equipment		2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
		84223030	Automatic filling and sacking machines , and other packing machines				3.The Article 12 of Food Hygiene Law stipulate that utensils and equipment used for food must conform to the hygiene standards and the hygiene control regulations.The Article 30 of Food Hygiene Law stipulate that imported utensils and equipment used for food must comply with the national hygiene standards and the hygiene control regulations.			
		84223090	Machinery for aerating beverages							
		84229020	Parts of bottling or canning machinery for beverages or liquid food							
		84342000	Dairy machinery							
		84349000	Parts of milking machines and dairy machinery							
		84351000	Press crusher and similar machinery used in the manufacture of wine, cider fruit juices or similar beverages							
		84359000	Parts of press crusher and similar machinery used in the manufacture of wine, cider fruit juices or similar beverages							
		84378000	Machinery used in the milling industry							

		84381000	Bakery machinery and machinery for the manufacture of macaroni, spaghetti of similar products							
		84382000	Machinery for the manufacture of confectionery, cocoa or chocolate							
		84383000	Machinery for suger manufacture							
		84384000	Brewery machinery							
		84385000	Machinery for the preparation of meat of poultry							
		84386000	Machinery for the preparation of fruits,nuts or vegetables							
		84388000	Machinery ,not specified or included elsewhere in this Chapter ,for the industrial preparation of food							
		84389000	Parts of machinery for the industrial preparation of food,drink							
		84762100	Automatic beverage-vending machines of incorporating heating or refrigerating devices							
		84762900	Other automatic beverage-vending machines							
		84792000	Machinery for the extraction of preparation of animal of fixed vegetable fats or oils							
87	Fire extinguishers	84241000	Fire extinguishers, whether'not charged	GB 4397	Portable 1211 fire extinguishers		1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality and the Law of EnvironmentalProtection and the Standardization Law.	CIQ_SA	CIQ Branches	TBT

				GB 12515	Portable dry powder fire extinguishers	NEQ ISO /DP 7165	2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
				GB 4351	General specifications for portable fire extinguishers		3.This kind of products involve safety of people and property(fire-distinguishing performance, high-pressure containers, and danger of exploding).			
				GB 4399	Portable carbon dioxide fire extinguishers					
				GB 15368	Portable foam fire extinguishers					
88	Fork-lift trucks	84271000	Self-propelled works trucks powered by an electric motor	GB 10827	Powered industrial trucks-Safety code	NEQ NF E 52-122	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality and Regulations on Inspection of Safety of Hoist machinery and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
		84272010	Fork-lift trucks for containers	GB 6067	Safety rules for lifting appliances	NEQ ISO 3691	2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
		84272090	Self-propelled works trucks				3.This kind of products involve safety of people, property and operation (risk of toppling).			
		84279000	Trucks fitted with lifting'handling equipment, non-powered							

89	Lifts for persons	84281010	Lifts and skip hoists for the transport of persons	GB 7588	Safety rules for construction and installation of lifts	EQV EN81	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality and Regulations on Inspectionof Safety of Hoist machinery and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
				GB 10060	Rules for acceptance of lift installation		2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
				GB 10058	Specification-Lifts		3.This kind of products involve safety of people, property and operation (risk of falling).			
				GB 10059	Testing methods-Lifts					
90	Lifts	84281090	Other lifts and skip hoists	GB 10827	Powered industrial trucks-Safety code	NEQ NFE 52-122	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality and Regulations on Inspection of Safety of Hoist machinery and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
				GB 15052	Lifting appliances-Dangerous positions and signs		2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
				GB 5144	Safety rules for tower cra		3.This kind of products involve safety of people, property and operation (risk of falling).			
				GB 6067	Safety rules for lifting appliances	NEQ ISO 3691				

91	Escalators	84284000	Escalators & moving walkways	GB 7588	Safety rules for construction and installation of lifts		1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality and Regulations on Inspection of Safety of Hoist machinery and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
				GB 10060	Rules for acceptance of lift installation		2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
							3.This kind of products involve safety of people, property and operation (risk of being winded in).			
92	Project machinery	84291110	Bulldozers/angledozers,t racked,with engine output>235.36 kw	GB 13328	Braking performance for rollers		1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
		84291190	Bulldozers/angledozers,t racked,with engine output=235.36 kw	GB 13329	Safety rules for construction winch		2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
		84291910	Bulldozers/angledozers, non-tracked, with engine output>235.36 kw	GB 13749	Safety operation rules for diesel pile drivers		3.This kind of products involve safety of people(braking performance affects human safety,wench may wind in persons,pile drivers,pile drive-extractors may injure persons).			
		84291990	Bulldozers/angledozers, non-tracked, with engine output=235.36 kw	GB 13750	Safety operation rules for vibratory pile driver-extractors					
		84292010	Graders/levellers,slf-prpiled, with engine output>235.36 kw	GB 10827	Powered industrial trucks-Safety code	NEQ ISO 3691				

		84292090	Graders/levellers, self-propelled, with engine output=235.36 kw	GB/T 8510	Testing methods of performance for static rollers					
		84293010	Scrapers, self-propelled, bucket capacity>10 m3	GB/T 10170	Technical requirements for backhole loaders					
		84293090	Scrapers, self-propelled, bucket capacity=10 m3	GB/T 9464.2	Technical requirements for small dampers					
		84294011	Vibratory road rollers, self-propelled, dead weight= 18 t							
		84294019	Other road rollers, self-propelled							
		84294090	Tamping machinery /road rollers, self-propelled,							
		84295100	Front end shovel loaders							
		84295200	Shovels & excavators with a 360 revolving superstructure							
		84295900	Self-propelled excavating machinery							
		84791010	Unfold machinery for asphalt concrete							
93	Textile machinery	84451100	Textile carding machinery	GB 5083	General rules for designing the production facilities2. In accordance with safety and health requirements	NEQ 12.2.003	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality, the Environmental Protection Law, the Law on Prevention and Control of Pollution by Environmental Noise and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
		84451200	Textile combing machinery	ZB K 22007	Technical requirements for rotary motor of textile machinery		2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
		84451300	Textile drawing'roving machinery	FJ/JQ 68	Tumble dust-filter machinery		3.This kind of products involve safety of people and noise.			

		84451900	Textile preparing machinery	FJ/JQ 201	Dust-filter machineryne, type FU021					
		84452010	Cotton spinning frames							
		84452020	Rotor spinning frames							
		84452090	Other textile spinning machinery							
		84453000	Textile doubling'twisting machinery							
		84454000	Textile winding (including weft-winding)'reeling machinery							
		84459000	machinery for producing'preparing textile yarn							
		84461000	machinery for weaving fabrics of a width =30 cm							
		84462110	Power looms for weaving carpets/rugs of width>30cm,shuttle type							
		84462190	Power looms for weaving fabrics of width>30 cm, ,shuttle type							
		84462900	machinery for weaving fabrics of a width >30 cm shuttle type							
			Air/water jet looms for weaving fabrics of width>30 cm, shuttless							
		84463020	Rapier looms for weaving fabrics of a width>30cm, shuttless							
		84463030	Carrier looms for weaving fabrics of a width>30cm, shuttless							
		84463040	Water jet looms for weaving fabrics of width>30 cm, shuttless							
		84463050	Air jet looms for weaving fabrics of width>30 cm, shuttless							

		84463090	machinery for weaving fabrics of a width>30cm, shuttleless							
		84471100	Circular knitting machinery with cylinder diameter=165 mm							
		84471200	Circular knitting machinery with cylinder diameter>165 mm							
		84472010	Warp knitting machinery							
		84472020	Other flat knitting machinery							
		84472030	Stitch-bonding machinery							
		84479011	Tufting machinery for making carpets or rugs							
		84479019	Other tufting machinery							
		84479020	Embroidery machinery							
		84479090	machinery for making gimped yarn/tulle/lace/trimming s/braid/net							
94	Household electric washing machinery	84501100*	Full-automatic washing machinery , of a dry linen capacity =10 kg	GB 4706.1	Safety of household and similar electrical appliances-General requirements	IDT IEC 335-1	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality, and the Environmental Protection Law and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
		84501200*	Other washing mach, dry linen capacity=10kg, with built-in dryer	GB 4706.24	Safety of household and similar electrical appliances-Particular requirements for washing machinery	IDT IEC 335-2-7	2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			

		84501900*	Other washing machinery of a dry linen capacity=10kg.	GB 4706.26	Safety of household and similar electrical appliances-Particular requirements for spin extractors	IDT IEC 335-2-4	3.This kind of products involve fire prevention, electrical and mechanical safety ,electromagnetic interference.			
95	machineryne-tools	84561000	machineryne-tools operatd by laser/light/photo beam process	GB 6077	Safety rules for shearing machinery		1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality, the Law on Environmental Protection, the Law on Prevention and Control of Pollution by Environmental Noise and the Standardization Law+I650.	CIQ_SA	CIQ Branches	TBT
		84562000	machineryne-tools operatd by ultrasonic processes	GB 4674	Safety rules for grinding machinery		2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
		84563000	machineryne-tools operatd by electro-discharge processe	GB 12266	General safety requirements for machineryng facilities		3.This kind of products involve safety ,noise and electromagnetic compatibility which will affect the working of other electrical equipments.			
		84569100	machineryne-tools for dry-etching patterns on semiconductor materials	GB 12557	Safety rules of construction for woodworking machinery					
		84569910	Plasma cutting machinery	GB 13567	Technical requirements of safe guarding for electric discharge machinery					
		84569990	machineryne-tools operatd by electro-chem, plasma arc...,	GB 7033	Safety technical requirements for surface planners with finger cap and hood cover					
		84571000	machineryng centres	GB 4584	Technical requirements for light type safety device used for presses					
		84572000	Unit construction machinery (single station)	GB 5091	Technical requirements for safety device used for presses					
		84573000	Multi-station transfer machinery	GB 5092	Technical requirements for induction type safety device used for presses					

		84581100	Horizontal lathes numerically controlled	GB 15760	Technical requirements of safe guarding for metal-cutting machinery					
		84581900	Horizontal lathes	GB/T 4680	Testing method of accuracy of horizontal internal broaching machinery					
		84589100	Lathes numerically controlled	GB/T 4686	Testing method of accuracy of gear shaping machinery					
		84589900	Lathes for removing metal	GB/T 6472	Testing method of accuracy of vertical internal broaching machinery					
		84591000	Way-type unit head machinery	GB/T 6473	Testing method of accuracy of vertical surface broaching machinery					
		84592100	Drilling machinery , numerically controlled	GB/T 14660	Testing method of accuracy of Nc jig boring machinery					
		84592900	Drilling machinery , for removing metal	GB/T 5289	Testing method of accuracy of boring and milling machinery with horizontal spindle					
		84593100	Boring-milling machinery , numerically controlled	GB/T 3933	Testing method of accuracy of milling machinery with table of variable height with horizontal or vertical spindle					
		84593900	Boring-milling machinery for removing metal	GB/T 4681	Testing method of accuracy of external cylindrical centerless grinding machinery					
		84594010	Boring machinery , numerically controlled	GB/T 4682	Testing method of accuracy of internal cylindrical grinding machinery with horizontal spindles					
		84594090	Boring machinery , not numerically controlled	GB/T 4685	External cylindrical grinding machinery -- Accuracy					
		84595100	Milling mach, knee-type numerically controlled	GB/T 1582	General purpose parallel lathes--Parameters					

		84595900	Milling mach, knee-type for removing metal	GB/T 4020	Acceptance conditions for general purpose parallel lathes--Testing of the accuracy					
		84596100	Milling machinery , numerically controlled	GB/T 4021	Testing method of accuracy of precision parallel lathes					
		84596900	Milling machinery , for removing metal	GB/T 2813	Bench drilling machinery -Parameters					
		84597000	Threading'tapping machinery for removing metal	GB/T 2814	Vertical drilling machinery -Parameters					
		84601100	Fl-surf grindg mach,pos of one axis acc to 0.01mm, numerical contrld							
		84602110	Cylindrical grindg mach,pos of one axis acc to 0.01mm,numercl contrld							
		84602120	Internal grindg mach,pos of one axis acc to 0.01mm, numercl contrld							
		84602190	Grinding mach, pos of one axis acc to 0.01mm, numercl contrld,							
		84602910	Cylindrical grindg mach,pos of one axis acc to 0.01mm,non-num cntrld							
		84602920	Internal grindg mach,pos of one axis acc to 0.01mm,non-numr contrld							
		84602990	Grinding mach, pod of one axis acc to 0.01mm, non-numr contrld,							
		84603100	Sharpening (tool/cutter grinding) machinery , numerically controlled							
		84603900	Sharpening (tool/cutter grinding) machinery , not numercl contrld							

		84604000	Honing/lapping machinery							
		84609090	Mach-tools for finishing metals with polishing prod,							
		84614010	Gear cutting/grinding/finishing machns, numerical controlled							
		84614090	Gear cutting/grinding/finishing machns, not numerical contrld							
96	IT Equipment	84716010*	Display units	GB 4943	Safety of information technology including electrical business equipment	IDT IEC 950	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
		84713000*	Portable ADP, weight=10kg,with at least CPU/keyboard/display	GB 9254	Limits and methods of measurement of radio interference characteristics of information technology equipment	EQV CISPR 22	2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
		84714140*	Microprocessors,with at lease a CPU & an input/output unit	GB 12641	Safe handling and operation of audiovisual, video and television equipment and systems	EQV IEC 574-7	3.This kind of products involve fire prevention and electrical-shock prevention.			
		84714940*	Microprocessors, presented in the form of systems							
		84716040*	Terminals for mainframes or mini-computers							
		84716031*	Stylus printers							
		84716032*	Laser printers							
		84716033*	Ink-jet printers							
		84716039*	Other printers,							

		90171000*	Drafting tables & machinery , whether or not automatic							
97	Evaporative air coolers	84796000	Evaporative air coolers	GB 5083	General rules for designing the production facilities	NEQ 12.2.003	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality, the Environmental Protection Law, and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
							2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation. 3.This kind of products involve safety and electromagnetic compatibility which will affect the working of other electrical equipments.			
98	machinery for sorting mailed	84798940	machinery for sorting mailed packages or printed matters	GB 5083	General rules for designing the production facilities	NEQ 12.2.003	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality and the Environmental Protection Law and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
							2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the national technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
							3.This kind of products involve safety and electromagnetic compatibility which will affect the working of other electrical equipments.			

99	Other mechanical appliances	84798990	Mach & mechanical appliances having individual functions,	GB 11291	Safety rules for industrial robots	NEQ JIS B8433	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality and the Environmental Protection Law and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
	packages or printed matters	84198900	machinery, plant'lab equip for treat of mat. by a chg of temp	GB 14807	Safety requirement for electric cut-off machinery		2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the national technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
				GB 7945	Safety requirements for arc welding equipment-Plugs, socked-outlets and couplers for welding cables	NEQ IEC 501	3.This kind of products involve safety and electromagnetic compatibility which will affect the working of other electrical equipments.			
100	Switches	85044013*	Voltage-stabilized suppliers of machinery of heading No. 84.71	GB 4943	Safety of information technology equipment including	IDT IEC 950	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality and the Environmental Protection Law and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
		85044020*	Uninterrupted power suppliers (UPS)		electrical busi s equipment		2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the national technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
		85044090*	Other static converters,				3.This kind of products involve fire prevention, electrical-shock prevention, lightning prevention ,microwave radiation and electromagnetic interference.			

101	Electric tools	85081000*	Drills, hand-held, with self-contained electric motor	GB 3883.1	Safety of hand-held motor-operated electric tools-Part 1: General requirements	IDT IEC 745-1	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality,the Environmental Protection Law and the Law on Prevention and Control of Pollution and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
		85082000*	Saws, hand-held, with self-contained electric motor	GB 3883.2	Safety of hand-held motor-operated electric tools-Part 2: Particular requirements for screwdrivers and impact wrenches	IDT IEC 745-2-2	2.The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the national technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
		85088010*	Sanders	GB 3883.3	Safety of hand-held motor-operated electric tools-Part 2: Particular requirements for electric grinders, polishers and disk-type sanders	IDT IEC 745-2-3				
		85088020*	Planers	GB 3883.4	Safety of hand-held motor-operated electric tools-Part 2: Particular requirements for sanders	IDT IEC 745-2-4	3..This kind of products involve electric safety, machinery safety, property safety ,noise and fire prevention.			
		85088090*	Other hand tools with self-contained electric motor,	GB 3883.5	Safety of hand-held motor-operated electric tools-Part 2: Particular requirements for circular saws and circular knives	IDT IEC 745-2-5				
				GB 3883.6	Safety of hand-held motor-operated electric tools-Part 2: Particular requirements for electric drills	IDT IEC 745-2-1				
				GB 3883.7	Safety of hand-held motor-operated electric tools-Part 2: Particular requirements for electric hammers	IDT IEC 745-2-6				
				GB 3883.8	Safety of hand-held motor-operated electric tools-Part 2: Particular requirements for sheet metal tappers	IDT IEC 745-2-8				

				GB 3883.9	Safety of hand-held motor-operated electric tools-Part 2: Particular requirements for electric tappers	IDT IEC 745-2-9				
				GB 3883.10	Safety of hand-held motor-operated electric tools-Part 2: Particular requirements for electric planers	IDT IEC 745-2-14				
				GB 3883.11	Safety of hand-held motor-operated electric tools-Part 2: Particular requirements for electric reciprocating saws(jig and sabre saws)	IDT IEC 745-2-11				
				GB 3883.13	Safety of hand-held motor-operated electric tools-Part 2: Particular requirements for spray guns for non-flammable liquids	IDT IEC 745-2-7				
				GB 3883.14	Safety of hand-held motor-operated electric tools-Part 2: Particular requirements for electric chain saws	IDT IEC 745-2-13				
				GB 3883.15	Safety of hand-held motor-operated electric tools-Part 2: Particular requirements for electric hedge trimmers and grass shears	IDT IEC 745-2-15				
				GB 3883.17	Safety of hand-held motor-operated electric tools-Part 2: Particular requirements for electric routers and immers	IDT IEC 745-2-17				
102	Vacuum cleaners	85091000*	Domestic vacuum cleaners	GB 4706.7	Safety of household and similar electrical appliances-Particular requirements for vacuum cleaners	NEQ IEC 335-2-2	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality, and the Environmental Protection Law and the Standardization Law.	CIQ_SA	CIQ Branches	TBT

				GB 4706.1	Safety of household and similar electrical appliances-General requirements	EQV IEC 335-1	2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the national technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation. 3.This kind of products involve electric safety, machinery safety and fire prevention.			
103	Electrical food-pressing	85094000*	Domestic food grinders & mixers; fruit or veg juice extractors	GB 4706.1	Safety of household and similar electrical appliances-General requirements	IDT IEC 335-1	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
	appliances	85098000*	Electro-mechanical domestic appliances,with electric motor	GB 4706.30	Safety of household and similar electrical appliances-Particular requirements for electric food preparation appliances	EQV IEC 335-2-14	2.The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the national technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation. 3.This kind of products involve electric safety, machinery safety, fire prevention and electrical-shock prevention.			
104	Welding tools	85151100*	Electric soldering irons & guns	ZB J 64001	Technical requirements for Tig welding blow lamp		1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality and the Standardization Law.	CIQ_SA	CIQ Branches	TBT

		85151900*	Electric brazing or soldering machinery & apparatus	ZB J 64016	Technical requirements for MIG/MAG welding gun		2.The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the national technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
		85152100*	Electric mach/app for resistance welding of mtl fully or partly auto	JB 7107	Safety requirements for electric soldering drill	NEQ IEC 974-11	3.This kind of products involve electric safety, machinery safety, fire prevention and electrical-shock prevention.			
		85152900*	Electric mach/app for resistance welding of metal	GB 15578	Safety requirements for resistance welding machinery	NEQ ISO 669				
		85153100*	Electric mach&app for arc and etc. welding of mtl fully or partly auto	ZB J 64021	Technical requirements of feeding devices of welding machinery					
		85153900*	Electric mach/app for arc (inc plasma arc) welding of metals	GB 15579	Safety requirements for arc welding equipment-Part 2: Welding power sources	IDT IEC 974-1				
		85158000*	Electric/laser/ultrasonic mach for weld/cut or for hot spray of mtl	GB/T 8118	General specifications for arc welding machinery					
		85153190*	Electric mach/app for arc (inc plasma arc) welding of mtl fully or partly auto	JB 3643	Small size and welding transformers					
				GB 7945	Safety requirements for arc welding equipment-Plugs, socket-outlets and couplers for welding cables	EQV IEC 974-12				
				GB 10235	Arc welding transformer against electric shock device					
105	Electro-thermic hair dryer	85163100*	Electro-thermic hair dryers	GB 4706.1	Safety of household and similar electrical appliances-General requirements	EQV IEC 335-1	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality, and the Environmental Protection Law and the Standardization Law.	CIQ_SA	CIQ Branches	TBT

				GB 4706.15	Safety of household and similar electrical appliances-Particular requirements for appliances for skin or hair care	NEQ IEC 335-2-23	2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the national technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation. 3.This kind of products involve electric safety, machinery safety, radioactivity and fire prevention.			
106	Electro-thermic hair-dressing apparatus	85163200*	Electro-thermic hair-dressing apparatus,	GB 4706.9	Safety of household and similar electrical appliances-Particular requirements for appliances for electric shavers, hair clippers and similar appliances	NEQ IEC 335-2-8	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality, and the Environmental Protection Law and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
				GB 4706.1	Safety of household and similar electrical appliances-General requirements	EQV IEC 335-1	2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the national technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
				GB 4706.15	Safety of household and similar electrical appliances-Particular requirements for appliances for skin and hare care	NEQ IEC 335-2-23	3.This kind of products involve electric safety, machinery safety, radioactivity and fire prevention.			
				GB 4706.16	Safety of household and similar electrical appliances-Particular requirements for appliances for battery-powered shavers, hair clippers and their charging and battery assemblies	NEQ IEC 335-19				

107	Electro-thermic hand-drying apparatus	85163300*	Electro-thermic hand-drying apparatus	GB 4706.1	Safety of household and similar electrical appliances-General requirements	EQV IEC 335-1	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality, and the Environmental Protection Law and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
				GB 4706.15	Safety of household and similar electrical appliances-Particular requirements for appliances for skin and hare care	NEQ IEC 335-2-23	2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the national technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation. 3.This kind of products involve electric safety, machinery safety, radioactivity and fire prevention.			
108	Electric irons	85164000*	Electric smoothing irons	GB 4706.2	Safety of household and similar electrical appliances-Particular requirements for appliances for electric irons	NEQ IEC 235-2-3	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality, and the Environmental Protection Law and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
				GB 4706.1	Safety of household and similar electrical appliances-General requirements	EQV IEC 335-1	2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the national technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation. 3.This kind of products involve electric safety, machinery safety and fire prevention.			
109	Microwave ovens	85165000*	Microwave ovens	GB 4706.21	Safety of household and similar electrical appliances-Particular requirements for appliances for microwave cooking appliances	EQV IEC 335-2-25	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality, and the Environmental Protection Law and the Standardization Law.	CIQ_SA	CIQ Branches	TBT

				GB 4706.1	Safety of household and similar electrical appliances-General requirements	EQV IEC 335-1	2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the national technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation. 3.This kind of products involve electric safety, machinery safety, microwave radioactivity and fire prevention.			
110	Other electric machinery	85166090*	Oth electric ovens, cooking plates, grilles...roasters	GB 4706.22	Safety of household and similar electrical appliances-Particular requirements for appliances for cooking ranges, cooking tables, ovens and similar appliances	EQV IEC 335-2-6	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality, and the Environmental Protection Law and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
				GB 4706.1	Safety of household and similar electrical appliances-General requirements	EQV IEC 335-1	2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the national technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
				GB 4706.14	Safety of household and similar electrical appliances-Particular requirements for roasters, toasters, waffle irons and similar appliances	NEQ IEC 335-2-9	3.This kind of products involve electric safety, machinery safety, fire prevention,and the release of radioactive or/and toxic matters.			
111	Electro-thermic appliances	85167200*	Electro-thermic toasters, domestic	GB 4706.1	Safety of household and similar electrical appliances-General requirements	EQV IEC 335-1	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality, and the Environmental Protection Law and the Standardization Law.	CIQ_SA	CIQ Branches	TBT

		85161000*	Elec instantaneous or storage water heaters & immersion heaters	GB 4706.6	Safety of household and similar electrical appliances-Particular requirements for automatic rice cookers	NEQ IEC 335-2-15	2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the national technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
		85166030*	Electric cookers	GB 4706.11	Safety of household and similar electrical appliances-Particular requirements for instantaneous water heaters	NEQ IEC 335-2-35	3.This kind of products involve electric safety, machinery safety, fire prevention,and should not release radioactive or/and toxic matters.			
		85166040*	Electric pans							
		85166010*	Electromagnetic ovens	GB 4706.12	Safety of household and similar electrical appliances-Particular requirements for storage water heater	NEQ IEC 335-2-21				
		85167100*	Electro-thermic coffee or tea makers, domestic	GB 4706.14	Safety of household and similar electrical appliances-Particular requirements for roasters, toasters, waffle irons and similar appliances	NEQ IEC 335-2-9				
		85167900*	Electro-thermic appliances, domestic	GB 4706.19	Safety of household and similar electrical appliances-Particular requirements for liquid heaters	EQV IEC 335-2-15				
112	Telephone sets	85171100*	Line telephone sets with cordless handsets	GB 4943	Safety of information technology equipment including electrical bus equipment	IDT IEC 950	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection, the Law on Quality of Products and the Standardization Law.	CIQ_SA	CIQ Branches	TBT

		85171910*	Videopho	GB 9254	Limits and methods of measurement of radio interference characteristics of information technology equipment	EQV CISPR22	2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
		85171990*	Telephone sets,	GB 3482	Lightning test for electronic equipments		3. This kind of products involve electric safety, machinery safety, fire prevention, electrical-shock prevention and should not release radioactive and toxic substances.			
		85173011*	Digtl pub tele switchg systm=5000 li ,toll tele switg systm	YD/T 696	Requirements for line telephone sets with cordless handsets access to telecommunication system					
		85173013*	Mobile communication switching system	GB/T 15942	Technical requirements and testing method s for mobile station access to 900MHz public mobile telecommunication system					
		85173019*	Other digital program-controlled telephonic switching systems							
				GB 4943	Safety of information technology equipment including electrical busi s equipment					
		85175021*	Optical line terminal/pulse code modulation multiplexers	GB 9254	Limits and methods of measurement of radio interference characteristics of information technology equipment					
		85175029*	Digital synchronizing equipments for optical communication	GB 3482	Lightning test for electronic equipments					
113	Facsimile machinery	85172100*	Facsimile machinery	GB 4943	Safety of information technology equipment including electrical busi s equipment	IDT IEC 950	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality, and the Environmental Protection Law and the Standardization Law.	CIQ_SA	CIQ Branches	TBT

				GB 9254	Limits and methods of measurement of radio interference characteristics of information technology equipment	EQV CISPR22	2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the national technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
				GB 3482	Lightning test for electronic equipments		3.This kind of products involve fire prevention, electrical-shock prevention, lightning prevention and electromagnetic interference.			
114	Sound equipment	85182100*	Single loudspeakers, mounted in the same enclosure	GB 8898	Safety requirements for mains operated electronic and	IDT IEC 65	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection, the Law on Qualityof Products and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
		85182200*	Multiple loudspeakers, mounted in the same enclosure		related apparatus for household and similar general use		2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
		85182900*	Loudspeakers				3.This kind of products involve electric safety, machinery safety, fire prevention and electrical-shock prevention .			
		85184000*	Audio-frequency electric amplifiers							
115	Cassette players	85199200	Pocket-size cassette-players	GB 8898	Safety requirements for mains operated electronic and	IDT IEC 65	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality, and the Environmental Protection Law and the Standardization Law.	CIQ_SA	CIQ Branches	TBT

		85199300*	Other sound reproducing apparatus, cassette-type		related apparatus for household and similar general use		2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the national technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
		85201000	Dictating mach not capable of opting without external source of power	GB 13837	Limits and methods of measurement of interference		3.This kind of products involve fire prevention and electrical-shock prevention.			
		85203210*	Magtic tape recorder-sound player, digital audio & cassette-type		characteristics on sound and television broadcast	IDT CISPR No.13				
		85203290*	Magtic tape recorder-sound player, digital audio type,		receivers and associated equipment	publication(90)				
		85203300*	Magtic tape recorder-sound player, cassette-type,							
		85203910	Magtic open-disk recorder-sound player							
		85203990*	Magtic tape recorder-sound reproducing apparatus,							
		85209000*	Magnetic tape recorders & other sound recording apparatus,							
		85271300	Oth combined radio/sound recorder-player, no need extnl power							
		85273100*	Other combined radio/sound recorder-player							
		85192100*	Record-players without loudspeaker							
		85192900*	Record-players,							

		85193100*	Turntables with automatic record changing mechanism							
		85193900*	Turntables							
		85199910*	Compact disc players, sound							
		85199990*	Sound reproducing apparatus without a sound recorder,							
		85203210*	Magic tape recorder-sound player, digital audio & cassette-type							
		85273900*	Radio-broadcast receivers							
116	Video tape recorders	85211011*	Magnetic video tape recorders of broadcast quality	GB 8898	Safety requirements for mains operated electronic and related apparatus for household and similar general use	IDT IEC 65	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality, and the Environmental Protection Law and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
		85211019*	Other magnetic video tape recorders							
		85211020*	Magnetic video tape reproducers	GB 13837	Limits and methods of measurement of interference characteristics on sound and television broadcast receivers and associated equipment	IDT CISPR No.13 publication(90)	2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the national technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
		85219000	Video recording or reproducing apparatus				3.This kind of products involve fire prevention and electrical -shock prevention.			
117	Portable radio telephone	85252022*	Radio telephone handsets,(including vehicle installed)	GB 4943	Safety of information technology equipment including electrical bus equipment	IDT IEC 950	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality, and the Environmental Protection Law and the Standardization Law.	CIQ_SA	CIQ Branches	TBT

				YD/T 696	Requirements for line telephone sets with cordless handsets access to telecommunication system		2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the national technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
				GB/T 15942	Technical requirements and testing methods for mobile station access to 900MHz public mobile telecommunication system		3.This kind of products involve fire prevention, electrical-shock prevention.			
118	television camera	85254020	Still image video camera with a built-in video recorder, household	GB 8898	Safety requirements for mains operated electronic and related apparatus for household and similar general use	IDT IEC 65	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality, and the Environmental Protection Law and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
		85253010	Television cameras, for special purposes	GB 13837	Limits and methods of measurement of interference characteristics on sound and television broadcast	IDT CISPR No.13 publication(90)	2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the national technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
		85253091	Other television cameras, of broadcast quality							
		85253099	Other television cameras		receivers and associated equipment		3.This kind of products involve fire prevention and electrical -shock prevention.			
119	Radio paging receiver	85279010	Radio paging receivers	GB 9254	Limits and methods of measurement of radio interference characteristics of information technology equipment	EQV CISPR22	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality, and the Environmental Protection Law and the Standardization Law.	CIQ_SA	CIQ Branches	TBT

							2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the national technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation. 3.This kind of products involve fire prevention, electrical-shock prevention, lightning prevention and electromagnetic interference.			
120	TV set(video monitor)	85281291*	Color TV set, screen diagonal= 42 cm	GB 12021.7	The limited value and testing method of electrical energy consumption for broadcasting receiver of color and monochromic television		1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality, and the Environmental Protection Law and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
		85281292*	Color TV set, 42 cm<screen diagonal=52cm	GB 8898	Safety requirements for mains operated electronic and related apparatus for household and similar general use	IDT IEC 65	2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the national technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
		90183900	Needles , catheters, cannulae & the like	GB 6385	Particular requirements for safety of ultrasonic diagnostic equipment		3.This kind of products involve safety and health of people and environmental pollution(heavy metals, toxicity, sterilization, mechanic strength, chloride and radioactivity)			
		90189040*	Artificial kidney (dialysis) apparatus	IEC 1157	Requirements of output sound for medical ultrasonic diagnostic apparatus					
		90215000	Pacemakers for stimulating heart muscles, excl parts & accessories	YY 0267	Extracorporeal circulation tubes of blood depurator					

		90181300	Magnetic resonance imaging system (MRI)	YY 0053	Hollow fibre dialysis apparatus					
		90181400	Scintigraphic apparatus	YY 0054	Dialysis apparatus for blood					
		90181930	Patient monitoring apparatus	YY 0266	Implantive pacemakers for stimulating heart muscles					
		90181990	Electro-diagnostic apparatus,	GB 6385	Particular requirements for safety of ultrasonic diagnostic equipment	NEQ IEC 601-2-2				
		90182000	Ultra-violet or infra-red ray apparatus	GB 8666.1	General specifications for tooth forceps					
		90183100	Syringes, with or without needles	GB 3053	Sphygmomanometer					
		90183210	Tubular metal needles	GB 4727	Aneroid sphygmomanometer					
		90183220	Needles for sutures	GB 9706.6	Medical electrical equipment-Particular requirements for the safety of microwave therapy equipment	EQV ISO 594-1				
		90184100	Dental drill engi	GB 15811	Steril hypodermic needles for single use	NEQ ISO 7864				
		90184910	Dentists' chairs with dental equipment	GB 1962	The conical fittings with 6% taper for syringes, needles and certain other medical equipment	IDT IEC 601-2				
		90184990	Dental instruments & appliances,	GB 15810	Sterile syringes for single use	NEQ ISO 7886-1				
		90189020	Sphygmomanometers	GB 11244	General requirements for medical fiber endoscope					
		90189030	Endoscopes	GB 8667	Specifications for suture forceps					
		90189050	Diathermy apparatus	GB 8369	Transfusion sets for single use					
		90189060	Blood transfusion apparatus	GB 9706.3	Medical electrical equipment-Particular requirements for the safety of high -voltage generators of diagnostic X-ray generators	IDT IEC 601-2-7				

		90189070	Anaesthetic apparatus and instrument	GB 9706.5	Medical electrical equipment-Particular requirements for the safety of medical electron accelerators in the range 1 MeV to 50 MeV	IDT IEC 601-2-1				
		90189090*	Medical/veterinary instruments & appliances,	GB 11756	General specifications for medical diagnostic X-ray tube assemblies	NEQ JIS Z4704				
		90222100	Alpha/beta/gamma radiation apparatus for medical/surg/dent/vet uses	GB 8279	Standards for radiological protection in medical diagnostic X-ray					
		90222900	Alpha/beta/gamma radiation apparatus for other uses	GB 11246	Specifications for continuous flow inhalational anesthetic machinery for use with humans	EQV ISO 5358				
		90223000	X-ray tubes	GB 13798	Performance requirements of high frequency surgical equipment					
		90229010	X-ray intensifiers	GB 12417	General requirements of surgical metal implant					
		90221200*	Computed tomography scanners (CT)	GB 4747.1	General requirements for medical forceps					
		90221300*	X-ray apparatus for dental use	GB 2766	General requirements for haemostatic forceps with box joint					
		90221400*	X-ray apparatus for medical, surgical or veterinary uses	GB 9706.1	Medical electrical equipment-Part 1: General requirements for safety					
		90221900	X-ray apparatus for other uses	GB 9706.3	Medical electrical equipment-Particular requirements for safety of haemodialysis equipment	EQV IEC 601-1				
		90185000	Ophthalmic instruments & appliances,	GB 8279	Standards for radiological protection in medical diagnostic X-ray	EQV IEC 601-2-7				
		90181100*	Electro-cardiographs	GB 10793	Particular safety requirements for electrocardiograph	EQV IEC 601-2-25				

131	Toys	95021000	Dolls, representing only human beings	GB 6675	Safety of toys	IDT EN-712/ICTI-80	1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Law on Product Quality and the Law on Safeguarding the Rights and Interests of the Consumers and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
		95031000	Electric trains and accessories thereof	GB 14746	Safety requirements for bicycles for children	IDT ISO 8098	2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the national technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
		95032000	Reduced-size model assembly kits, excluding 9503.10	GB 9832	Safety and quality of sewed plush and cloth toys		3.This kind of products involve safety and health of people (electric safety, microbes and viruses harmful to human being, etc). Inspection items such as microtoxins, heavy metals, mechanic and physics items, etc.			
		95033000	Construction sets & constructional toys,	ZB Y 57002	General requirements for electric bicycles for children					
		95034100	Stuffed toys representing animals or non-human creatures	ZB T 57004	General requirements for inertial toys					
		95034900	Toys representing animals or non-human creatures	QB/T 1289	General requirements for dolls					
		95035000	Toy musical instruments & apparatus							
		95036000	Puzzles							
		95037000	Toys, put up in sets or outfits							
		95038000	Toys & models, incorporating a motor							
		95039000	Toys							

132	Waste animal products	05069010	Powder and waste of bones	GB 16487.1	Environment protection control standard for imported scrap material-Animal bone wastes raw material		1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Environmental Protection Law, the Law on Prevention of Pollution of Water, the Law on Prevention and Control of Pollution by Environmental Noise and the Law on Prevention and Control of Pollution of the Atmosphere and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
							2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the national technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
							3.This kind of products involve daily wastes,radioactive pollutions.			
133	Scrap iron or steel	2619000	Waste from the manufacture of iron or steel	GB 16487.2	Environment protection control standard for imported scrap material-Slag as raw material		1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Environmental Protection Law, the Law on Prevention of Pollution of Water, the Law on Prevention and Control of Pollution by Environmental Noise and the Law on Prevention and Control of Pollution of the Atmosphere and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
							2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the national technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
							3.This kind of products involve daily wastes,radioactive pollutions.			

134	Waste wood and wooden products	44013000	Sawdust, wood waste & scrap (incl. agglomerated)	GB 16487.3	Environment protection control standard for imported		1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Environmental Protection Law, the Law on Prevention of Pollution of Water, the Law on Prevention and Control of Pollution by Environmental Noise and the Law on Prevention and Control of Pollution of the Atmosphere and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
		45019000	Waste cork; crushed, granulated or ground cork		scrap material-Scrap wood and wooden products as raw material		2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the national technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
							3.This kind of products involve daily wastes,radioactive pollutions.			
135	Scrap paper	47071000	Waste & scrap of unbleached kraft/corrugatd paper or paperboard	GB 16487.4	Environment protection control standard for imported		1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Environmental Protection Law, the Law on Prevention of Pollution of Water, the Law on Prevention and Control of Pollution by Environmental Noise and the Law on Prevention and Control of Pollution of the Atmosphere and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
		47072000	Waste & scrap of other paper or paperboard of bleached chemical pulp		scrap material-Scrap paper and board as raw material		2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the national technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			

		47073000	Waste & scrap of paper or paperboard made mainly of mechanical pulp				3.This kind of products involve daily wastes,radioactive pollutions.			
		47079000	Waste & scrap of paper or paperboard,							
136	Scrap cotton and Fibre	52021000	Yarn waste of cotton	GB 16487.5	Environment protection control standard for imported		1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Environmental Protection Law, the Law on Prevention of Pollution of Water, the Law on Prevention and Control of Pollution by Environmental Noise and the Law on Prevention and Control of Pollution of the Atmosphere and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
		52029900	Cotton waste,		scrap material-Scrap cotton and cloth as raw material		2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the national technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
		55051000	Waste of synthetic fibre,(incl. noils, yarn waste & garnetted stock)				3.This kind of products involve daily wastes,radioactive pollutions.			
		55052000	Waste of artificial fibre,(incl. noils, yarn waste & garnetted stock)							
137	Waste plastic	39151000	Waste, parings & scrap, of polymers of ethylene	GB 16487.12	Environment protection control standard for imported		1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Environmental Protection Law, the Law on Prevention of Pollution of Water, the Law on Prevention and Control of Pollution by Environmental Noise and the Law on Prevention and Control of Pollution of the Atmosphere and the Standardization Law.	CIQ_SA	CIQ Branches	TBT

		39152000	Waste, parings & scrap, of polymers of styrene		scrap material-Scrap plastics		2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the national technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
		39153000	Waste, parings & scrap, of polymers of vinyl chloride				3.This kind of products involve daily wastes,radioactive pollutions.			
		39159000	Waste, parings & scrap, of other plastics,							
138	Steel waste and scrap	72041000	Waste & scrap, cast iron	GB 16487.6	Environment protection control standard for imported 'scrap material-Iron and steel scraps		1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Environmental Protection Law, the Law on Prevention of Pollution of Water, the Law on Prevention and Control of Pollution by Environmental Noise and the Law on Prevention and Control of Pollution of the Atmosphere and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
		72042100	Waste & scrap, stainless steel				2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the national technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
		72042900	Waste & scrap, of alloy steel, other than stainless	GB 16487.7	Environment protection control standard for imported scrap material-Non-ferrous metal scraps		3.This kind of products involve daily wastes,radioactive pollutions.			
		72043000	Waste & scrap, of tinned iron or steel							

		72044100	Ferrous waste & scrap,i/s,from the mechanical working of mtl							
		72044900	Ferrous waste & scrap, iron or steel,							
		72045000	Remelting scrap ingots, of iron or steel							
		74011000	Cu mattes							
		74012000	Cement Cu							
		74040000	Waste & scrap, Cu/Cu alloy							
		75030000	Waste & scrap, Ni							
		76020000	Waste & scrap, Al							
		79020000	Zinc waste & scrap							
		80020000	Tin waste & scrap							
		81031000	Tantalum unwrought; waste and scrap; powders							
139	Scrapping ships	89080000	Vessels & other floating structures for breaking up	GB 16487.11	Environment protection control standard for imported scrap material-Scrapping ships		1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Environmental Protection Law, the Law on Prevention of Pollution of Water, the Law on Prevention and Control of Pollution by Environmental Noise and the Law on Prevention and Control of Pollution of the Atmosphere and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
							2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the national technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
							3.This kind of products involve daily wastes,radioactive pollutions.			

140	Scrap motor, metal and electrical appliances or electrical line and cable		Scrap motor	GB 16487.8	Environment protection control standard for imported scrap material- Scrap motor		1. Legal justification:the Law on Imp. & Exp. Commodity Inspection,the Environmental Protection Law, the Law on Prevention of Pollution of Water, the Law on Prevention and Control of Pollution by Environmental Noise and the Law on Prevention and Control of Pollution of the Atmosphere and the Standardization Law.	CIQ_SA	CIQ Branches	TBT
			Waste electrical line and cable	GB 16487.9	Environment protection control standard for imported scrap material- Waste electrical line and cable		2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the national technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
			Metal and electrical appliances scraps	GB 16487.10	Environment protection control standard for imported scrap material- Metal and electrical appliances scraps		3.This kind of products involve daily wastes,radioactive pollutions.			
141	Whole set of equipments		Whole set of equipments	GB 5083	General rules for designing the production facilities		1. Legal justification:the Law on Imp. & Exp. Commodity Inspection, the Law on Product Quality, the Environmental Protection Law, the Law on Prevention of Pollution of Water, the Law on Prevention and Control of Pollution by Environmental Noise and the Law on Prevention and Control of Pollution of the Atmosphere and the Standardization Law.	CIQ_SA	CIQ Branches	TBT

							2. The Standardization Law and the Law on the Product Quality stipulate that products must meet the national standards and industrial standards safeguarding the health or safety of human life and property. The compulsory standards, which are parts of the national technical regulations, must be observed. And any product that does not come up to the above standards shall not be allowed for production, sale or importation.			
							3.This kind of products involve safety of people, property and operation (fire-distinguishing performance, high-pressure containers, and danger of exploding,risk of falling)safety and electromagnetic compatibility which will affect the working of other electrical equipments.
