NOTIFICATION

The attached notification concerning market access and imports under tariff quotas for the calendar year 1997 (Table MA:2) was received from the delegation of **Norway** on 10 June 1998.

The import data in this document provides the MA:2 notification for 1997. The minimum access quotas are listed first, followed by the current access for which Norway has a tariff-only regime. The import volumes reported under the current access quotas are actual imports, whereas the import volumes under the minimum access quotas are actual quota imports.

This notification does not include references to changes of tariff item numbers due to HS96 or other changes after the finalisation of the schedules (cf. Norway's 1995 and 1996 notifications, G/AG/N/NOR/14 and G/AG/N/NOR/15 respectively).
