EUROPEAN COMMUNITIES

### Supplement

The following communication, dated 11 November 2002, has been received from the Permanent Delegation of the European Commission.

Pursuant to Article 32(6) of the WTO Agreement on Subsidies and Countervailing Measures, please find attached a copy of Council Regulation (EC) No 1973/2002 of 5 November 2002, which amends Council Regulation (EC) No 2026/97 on protection against subsidized imports from countries not members of the European Communities (Official Journal L 305 of 7 November 2002).

**COUNCIL REGULATION (EC)No 1973/2002  
of 5 November 2002  
amending Regulation (EC)No 2026/97 on the protection against subsidised imports from  
countries not members of the European Community**

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community, and in particular Article 133 thereof,

Having regard to the proposal from the Commission,

Whereas:

- (1) By Regulation (EC) No 2026/97<sup>1</sup>, the Council adopted common rules for protection against subsidised imports from countries which are not members of the European Community.
- (2) Article 6 of Regulation (EC) No 2026/97 sets forth certain guidelines for the calculation of the benefit to the recipient, including the market benchmark against which the amount of benefit is measured. It is prudent to provide for a clarification as to what rules should be followed in cases where a market benchmark does not exist in the country concerned. In such a situation the benchmark should be determined by adjusting the terms and conditions prevailing in the country concerned on the basis of actual factors available in that country. If this is not practicable because, *inter alia*, such prices or costs do not exist or are unreliable, then the appropriate benchmark should be determined by resorting to terms and conditions in other markets.
- (3) Article 4 of Regulation (EC)No 2026/97 provides that certain subsidies for environment, research and regional development are non-countervailable. Furthermore, Article 10(5)and (6) of that Regulation state that investigations may be initiated in order to determine whether subsidies have such non-countervailable status, and that investigations are not to be initiated if they relate to certain non-countervailable subsidies. The corresponding provisions in the WTO Agreement on Subsidies and Countervailing Measures were due to expire on 31 December 1999 unless the Members of the WTO decided otherwise. No such decision has been taken and therefore the relevant provisions do not apply anymore. Accordingly, it is necessary to assess whether the provisions on non-countervailable subsidies in Regulation (EC) No 2026/97 should be maintained. In this respect, major trading partners of the Community no longer apply these provisions in their countervailing investigations. In view of this, and in order to maintain the balance of rights and obligations under the said WTO Agreement, it is considered appropriate to repeal the provisions of Regulation (EC) No 2026/97 relating to non-countervailable subsidies.
- (4) Article 28(5)of Regulation (EC)No 2026/97 specifies that, in case of use of facts available, the information used are to be checked by reference to information from a number of sources. It is considered useful to specify that such sources can, where appropriate, also pertain to data concerning the world market or other representative markets.
- (5) It is considered appropriate in the interests of legal certainty to provide that these amendments should apply as soon as possible to all new investigations,
