Question Posed by the UNITED STATES Concerning the Article XVII Notification of JAMAICA¹

The following communication, was received 8 July 1997 from the Permanent Mission of the United States.

During the last meeting of the Working Party in February, the United States posed a question to the Government of Jamaica regarding the operations of the Jamaica Commodity Trading Company (JCTC). As of this date, Jamaica has not responded to this question. In addition, Jamaica has not yet responded to questions submitted by the United States during the September, 1996 meeting of the Working Party. Can Jamaica please submit answers to these questions or indicate when it intends to submit a response?
