ON OIL COUNTRY TUBULAR GOODS FROM ARGENTINA**

Communication from the Chairman of the Panel

The following communication, dated 4 March 2004, addressed to the Dispute Settlement Body (DSB), is circulated pursuant to Article 12.9 of the Dispute Settlement Understanding (DSU).

Article 12.8 of the DSU stipulates that the period in which a panel shall conduct its examination, from the date that the composition and terms of reference of the panel have been agreed upon until the date that the final report is issued to the parties, shall, as a general rule, not exceed six months.

Article 12.9 of the DSU states that when a panel considers that it cannot issue its report within six months, it shall inform the DSB in writing of the reasons for the delay, together with an estimate of the period within which it will issue its report.

The Panel on *United States-Sunset Reviews Of Anti-Dumping Measures On Oil Country Tubular Goods From Argentina (DS268)* was established by the DSB on 19 May 2003 and composed on 4 September 2003.

It will not, however, be possible for the Panel to complete its work in six months in light of scheduling conflicts.

The Panel expects to complete its work in June 2004.
