2. Any person being the grantee of a patent in the United Kingdom or any person deriving his right from such grantee by assignment, transmission or other operation of law may apply within three years from the date of issue of the patent to have such patent registered in Grenada. Where a partial assignment or transmission has been made, all proper parties shall be joined in the application for registration.

3. Every application under this Act shall be accompanied by a certified copy of the specification or specifications (including drawings, if any) of the United Kingdom patent and a certificate of the Comptroller-General of the United Kingdom Patent Office, giving full particulars of the issue of the patent on such specification or specifications.

Commence-  
ment and

Act

6. Privileges and rights so granted shall date from the date of the patent in the United Kingdom and shall continue in force only so long as the patent remains in force in the United Kingdom:

Provided that no action for infringement shall be entertained in respect of any manufacture, use or sale of the invention prior to the date of issue of the certificate of registration in Grenada.

7. (1) The High Court shall have power upon the application of any person who alleges that his interests have been prejudicially affected by the issue of a certificate of registration, to declare that the exclusive privileges and rights conferred by such certificate of registration have not been acquired on any of the grounds upon which the United Kingdom patent might be revoked under the law for the time being in force in the United Kingdom.

(2) Such grounds shall be deemed to include the manufacture, use or sale of the invention in Grenada before the priority date applicable to the patent in the United Kingdom, but not to include the manufacture, use or sale of the invention in Grenada by some person or persons after the priority date applicable to the patent in the United Kingdom and before the date of the issue of the certificate of registration under section 4.

12, 13 and 14  
Geo. VI, c. 87

(3) For the purposes of subsection (2) the expression “priority date” in its application to a patent in the United Kingdom has the meaning assigned to it in section 5 of the Patents Act, 1949.

9. Where a person becomes entitled by assignment, transmission, or other operation of law to the privileges and rights conferred by a certificate of registration or to any interest therein, he may make application in the prescribed manner to the Registrar of Patents for the entry on the register of such assignment, transmission, or other instrument affecting the title, or giving an interest therein.
