SECOND SPECIAL SESSION OF THE COMMITTEE ON AGRICULTURE 29-30 JUNE 2000

Statement by Australia on behalf of the Cairns Group

Corrigendum

Page 2, first paragraph, should read:

"It is recognition of this fundamental lack of equity which has seen support for export subsidy elimination swell in recent years. It was noteworthy that support for elimination has included the G77, the 21 APEC members at the highest level, the members of the FTA of the Americas, and most recently, the G15."
