NOTIFICATION

Addendum

The following communication, dated 18 July 2003, has been received from Hungary.

Poultry, poultry meat and egg products from the Netherlands

The Animal Health and Food Control Department of the Ministry of Agriculture and Rural Development issued Announcement No. 12140/6/2003 lifting the import restrictions introduced by Announcement No. 12140/2003 on 6 March 2003. The measure, taken due to the occurrence of avian influenza in the Netherlands, covered live poultry and hatching eggs, eggs for human consumption, fresh poultry meat and all non heat-treated products of poultry origin.

Because of the favourable course of the avian influenza epidemic in the Netherlands, the restriction imposed by Announcement No. 12140/2003 was withdrawn with immediate effect on 8 July 2003.
