NOTIFICATION

Addendum

The following communication by Canada is being circulated in accordance with Article 10.6.

Radiocommunication Act - Notice No. SMSE-13-02 – Amendments to RSS 210

Notice is hereby given that Industry Canada is releasing the following document: RSS-210, Issue 5: Amendment. This document sets out changes to RSS-210, Issue 5, which are described below.

The first change concerns special conditions that had to be satisfied by spread spectrum devices and field disturbance sensors operating in the 2400-2483.5 MHz band for license-exempt operation. The second change is to requirements for spread spectrum devices operating in the 902-928 MHz, 2400-2483.5 MHz and 5725-5850 MHz bands.

Interested parties may submit comments on this document by 7 March 2003 to the Canadian Enquiry Point.

The full text of this addendum can be downloaded from:
