## **Committee on Anti-Dumping Practices**

### MINIMUM INFORMATION TO BE PROVIDED UNDER ARTICLE 14:4 OF THE AGREEMENT IN THE REPORTS ON ALL PRELIMINARY OR FINAL ANTI-DUMPING ACTIONS

#### Note by the Secretariat

1. At its special meeting on 21 February 1995, the Committee adopted the same Guidelines concerning the minimum information to be provided in reports of preliminary and final anti-dumping actions that had been adopted by the Tokyo Round Committee on Anti-Dumping Practices (ADP/124). (G/ADP/M/1, paras. 56-58). However, the Guidelines were not issued as a Committee document, which has resulted in some confusion as to the applicable guidelines. Consequently, the Guidelines, which have not been changed, and are identical to those adopted by the Tokyo Round Committee, are being issued as a Committee document for clarification

\*\*\*\*\*

1. Title of the public notice regarding the action.
2. Date and place of publication.
3. Investigation (Regulation) Number and other notices relating to the same investigation (e.g. for initiation, provisional measure).
4. Margin(s) of dumping found and the basis of calculation.
5. Where anti-dumping measures are imposed, the product (including customs classification), origin (country/customs territory/firm), rate of duty and the effective date for each source of imports.
6. Where an undertaking is involved, the product, country/customs territory/firm, and effective date of the undertaking.
7. The period of investigation (dumping, injury).
8. Date of the dumping determination.
9. Date of the injury determination.
10. Type of injury found (material injury, threat, material retardation).
11. Volume and import penetration of dumped imports.

./.

12. Effect on domestic prices of the like product (whether there was significant price undercutting/price suppression or depression).
13. Evidence on the impact on the domestic industry (i.e. the factors mentioned in Article 3:3 of the Agreement which were the basis for the finding regarding the impact on the domestic industry).
14. Evidence of causation of injury to domestic industry (the basis for determining the causation of injury, and other factors which might at the same time be causing injury to the domestic industry).
