A. RULES OF PROCEDURE FOR THE MEETINGS OF THE WTO COMMITTEE ON TECHNICAL BARRIERS TO TRADE

At its first meeting on 21 April 1995, the Committee adopted the following Rules of Procedure. In accordance with Article IV: 6 of the WTO Agreement, these Rules are being submitted to the Council for Trade in Goods for approval.

CHAPTER I — MEETINGS

Rule 1

The Committee on Technical Barriers to Trade (hereinafter the Committee) shall meet as necessary, but not less than once a year.

Rule 2

Meetings of the Committee shall be convened by the Director-General by a notice issued, preferably three weeks, and in any event not less than ten calendar days, prior to the date set for the meeting. In the event that the tenth day falls on a weekend or a holiday, the notice shall be issued no later than the preceding WTO working day. Meetings may be convened with shorter notice for matters of significant importance or urgency at the request of a Member concurred in by the majority of the Members.

CHAPTER II — AGENDA

Rule 3

A list of the items proposed for the agenda of the meeting shall be communicated to Members together with the convening notice for the meeting. It shall be open to any Member to suggest items for inclusion in the proposed agenda up to, and not including, the day on which the notice of the meeting is to be issued.

Rule 4

Requests for items to be placed on the agenda of a forthcoming meeting shall be communicated to the Secretariat in writing, together with the accompanying documentation to be issued in connection with that item. Documentation for consideration at a meeting shall be circulated not later than the day on which the notice of the meeting is to be issued.

Rule 5

(will not apply)

Rule 6

The first item of business at each meeting shall be the consideration and approval of the agenda. Representatives may suggest amendments to the proposed agenda, or additions to the agenda under "Other Business". Representatives shall provide the Chairperson or the Secretariat,

and the other Members directly concerned, whenever possible, advance notice of items intended to be raised under "Other Business".

Rule 7

The Committee may amend the agenda or give priority to certain items at any time in the course of the meeting.

CHAPTER III — REPRESENTATION

Rule 8

Each Member shall be represented by an accredited representative.

Rule 9

Each representative may be accompanied by such alternates and advisers as the representative may require.

CHAPTER IV — OBSERVERS

Rule 10

Representatives of States or separate customs territories may attend the meetings as observers on the invitation of the Committee in accordance with the guidelines in Annex 1 to these Rules.

Rule 11

Representatives of international intergovernmental organizations may attend the meetings as observers on the invitation of the Committee in accordance with the guidelines in Annex [] to these Rules.

CHAPTER V — OFFICERS

Rule 12

The Committee shall elect a Chairperson¹ and may elect a Vice-Chairperson from among the representatives of Members. The election shall take place at the first meeting of the year and shall take effect at the end of the meeting. The Chairperson and Vice-Chairperson shall hold office until the end of the first meeting of the following year.

¹The Committee shall apply the relevant guidelines contained in the "Guidelines for Appointment of Officers to WTO Bodies" (WT/L/31 dated 7 February 1995).

Rule 13

If the Chairperson is absent from any meeting or part thereof, the Vice-Chairperson shall perform the functions of the Chairperson. If no Vice-Chairperson was elected or if the Vice-Chairperson is not present, the Committee shall elect an interim Chairperson for that meeting or that part of the meeting.

Rule 14

If the Chairperson can no longer perform the functions of the office, the Committee shall designate the Vice-Chairperson referred to in Rule 12 or, if no Vice-Chairperson was elected it shall elect an interim Chairperson to perform those functions pending the election of a new Chairperson.

Rule 15

The Chairperson shall normally participate in the proceedings as such and not as the representative of a Member. The Chairperson may, however, at any time request permission to act in either capacity.

CHAPTER VI — CONDUCT OF BUSINESS

Rule 16

The Chairperson may consider postponing a meeting in the event that he or she feels that doing so may result in a more representative level of participation by WTO Members.

Rule 17

In addition to exercising the powers conferred elsewhere by these rules, the Chairperson shall declare the opening and closing of each meeting, shall direct the discussion, accord the right to speak, submit questions for decision, announce decisions, rule on points of order and, subject to these rules, have complete control of the proceedings. The Chairperson may also call a speaker to order if the remarks of the speaker are not relevant.

Rule 18

During the discussion of any matter, a representative may raise a point of order. In this case the Chairperson shall immediately state the ruling. If the ruling is challenged, the Chairperson shall immediately submit it for decision and it shall stand unless overruled.

Rule 19

During the discussion of any matter, a representative may move the adjournment of the debate. Any such motion shall have priority. In addition to the proponent of the motion, one representative may be allowed to speak in favour of, and two representatives against, the motion, after which the motion shall be submitted for decision immediately.

Rule 20

A representative may at any time move the closure of the debate. In addition to the proponent of the motion, not more than one representative may be granted permission to speak in favour of the motion and not more than two representatives may be granted permission to speak against the motion, after which the motion shall be submitted for decision immediately.

Rule 21

During the course of the debate, the Chairperson may announce the list of speakers and, with the consent of the meeting, declare the list closed. The Chairperson may, however, accord the right of reply to any representative if a speech delivered after the list has been declared closed makes this desirable.

Rule 22

The Chairperson, with the consent of the meeting, may limit the time allowed to each speaker.

Rule 23

Representatives shall endeavour, to the extent that a situation permits, to keep their oral statements brief. Representatives wishing to develop their position on a particular matter in fuller detail may circulate a written statement for distribution to Members, the summary of which, at the representative's request, may be reflected in the records of the Committee.

Rule 24

In order to expedite the conduct of business, the Chairperson may invite representatives that wish to express their support for a given proposal to show their hands, in order to be duly recorded in the records of the Committee as supporting statements; thus, only representatives with dissenting views or wishing to make explicit points or proposals would actually be invited to make a statement. This procedure shall only be applied in order to avoid undue repetition of points already made, and will not preclude any representative who so wishes from taking the floor.

Rule 25

Representatives should avoid unduly long debates under "Other Business". Discussions on substantive issues under "Other Business" shall be avoided, and the Committee shall limit itself to taking note of the announcement by the sponsoring delegation, as well as any reactions to such an announcement by other delegations directly concerned.

Rule 26

While the Committee is not expected to take action in respect of an item introduced as "Other Business", nothing shall prevent the Committee, if it so decides, to take action in respect of any such item at a particular meeting, or in respect of any item for which documentation was not circulated at least ten calendar days in advance.

Rule 27

Representatives should make every effort to avoid the repetition of a full debate at each meeting on any issue that has already been fully debated in the past and on which there appears to have been no change in Members' positions already on record.

Rule 28

Proposals and amendments to proposals shall normally be introduced in writing and circulated to all representatives not later than twelve hours before the commencement of the meeting at which they are to be discussed.

Rule 29

If two or more proposals are moved relating to the same question, the meeting shall first decide on the most far-reaching proposal and then on the next most far-reaching proposal and so on.

Rule 30

When an amendment is moved to a proposal, the amendment shall be submitted for decision first and, if it is adopted, the amended proposal shall then be submitted for decision.

Rule 31

When two or more amendments are moved to a proposal, the meeting shall decide first on the amendment farthest removed in substance from the original proposal, then, if necessary, on the amendment next farthest removed, and so on until all the amendments have been submitted for decision.

Rule 32

Parts of a proposal may be decided on separately if a representative requests that the proposal be divided.

CHAPTER VII — DECISION-MAKING

Rule 33

Where a decision cannot be arrived at by consensus, the matter at issue shall be referred to the Council for Trade in Goods.

Rule 34

(will not apply)

CHAPTER VIII — LANGUAGES

Rule 35

English, French and Spanish shall be the working languages.

CHAPTER IX — RECORDS

Rule 36

Records of the discussions of the Committee shall be in the form of minutes.²

CHAPTER X — PUBLICITY OF MEETINGS

Rule 37

The meetings of the Committee shall ordinarily be held in private. It may be decided that a particular meeting or meetings should be held in public.

Rule 38

After a private meeting has been held, the Chairperson may issue a communiqué to the Press.

CHAPTER XI — REVISION

Rule 39

The Committee may decide at any time to revise these rules or any part of them.

²The customary practice under the GATT 1947, whereby representatives may, upon their request, verify those portions of the draft records containing their statements, prior to the issuance of such records, shall be continued.

ANNEX 1

GUIDELINES FOR OBSERVER STATUS FOR GOVERNMENTS IN THE WTO

1. The purpose of observer status in the General Council and its subsidiary bodies is to allow a government to better acquaint itself with the WTO and its activities, and to prepare and initiate negotiations for accession to the WTO Agreement.
2. Observer governments shall have access to the main WTO document series. They may also request technical assistance from the Secretariat in relation to the operation of the WTO system in general, as well as to negotiations on accession to the WTO Agreement.
3. Representatives of governments accorded observer status may be invited to speak at meetings of the bodies to which they are observers normally after Members of that body have spoken. The right to speak does not include the right to make proposals, unless a government is specifically invited to do so, nor to participate in decision-making.

B. STATEMENTS ON IMPLEMENTATION AND ADMINISTRATION OF THE AGREEMENT

Background and purpose:

Article 15.2 of the Agreement provides that each Member shall inform the Committee of measures in existence or taken to ensure the implementation and administration of the Agreement. In response to this provision of the Agreement Members shall submit the relevant information in the form of written statements. The Committee agreed on the following decision concerning the contents of these statements.

Decisions:

1. The statement should cover the legislative, regulatory and administrative action taken as a result of the negotiation of the Agreement or currently in existence to ensure that the provisions of the Agreement are applied. If the Agreement itself has been incorporated into domestic law, the statement should indicate how this has been done. In other cases, the statement should describe the content of the relevant laws, regulations, administrative orders, etc. All necessary references should also be provided.
2. In addition, the statement should specify:
 - (a) the names of the publications used to announce that work is proceeding on draft technical regulations or standards and procedures for assessment of conformity and those in which the texts of technical regulations and standards or procedures for assessment of conformity are published under Articles 2.9.1, 2.11; 3.1 (in relation to 2.9.1 and 2.11); 5.6.1, 5.8; 7.1, 8.1 and 9.2 (in relation to 5.6.1 and 5.8); and paragraphs J, L and O of Annex 3 of the Agreement;
 - (b) the expected length of time allowed for presentation of comments in writing on technical regulations, standards or procedures for assessment of conformity under Articles 2.9.4 and 2.10.3; 3.1 (in relation to 2.9.4 and 2.10.3); 5.6.4 and 5.7.3; 7.1, 8.1 and 9.2 (in relation to 5.6.4 and 5.7.3); and paragraph L of Annex 3 of the Agreement;
 - (c) the name and address of the enquiry point(s) foreseen in Articles 10.1 and 10.3 of the Agreement with an indication as to whether it is/they are fully operational; if for legal or administrative reasons more than one enquiry point is established, complete and unambiguous information on the scope of responsibilities of each of them;
 - (d) the name and address of any other agencies that have specific functions under the Agreement, including those foreseen in Articles 10.10 and 10.11 of the Agreement; and
 - (e) measures and arrangements to ensure that national and sub-national authorities preparing new technical regulations or procedures for assessment of conformity, or substantial amendments to existing ones, provide early information on their proposals in order to enable the Member in question to fulfil its obligations on notifications under Articles 2.9, 2.10, 3.2, 5.6, 5.7 and 7.2 of the Agreement.

C. NOTIFICATION PROCEDURES

Background and purpose:

The procedures for notification under the Agreement have been kept under constant review by the Committee. In order to ensure a uniform and efficient operation of these procedures the Committee agreed on the following format and guidelines.³

2. TIMING OF NOTIFICATIONS:

Background:

The Committee dealt with this aspect of notification procedures in the following way:

Recommendation:

When implementing the provisions of Articles 2.9.2, 3.2 (in relation to Article 2.9.2), 5.6.2 and 7.2 (in relation to Article 5.6.2), a notification should be made when a draft with the complete text of a proposed technical regulation or procedures for assessment of conformity is available and when amendments can still be introduced and taken into account.

3. APPLICATION OF ARTICLES 2.9 AND 5.6 (PREAMBULAR PART):

Background and purpose:

With a view to ensuring a consistent approach to the selection of proposed technical regulations and procedures for assessment of conformity to be notified, the Committee established the following criteria.

Recommendation:

For the purposes of Articles 2.9 and 5.6, the concept of "significant effect on trade of other Members" may refer to the effect on trade:

- of one technical regulation or procedure for assessment of conformity only, or of various technical regulations or procedures for assessment of conformity in combination,
- in a specific product, group of products or products in general, and
- between two or more Members.

When assessing the significance of the effect on trade of technical regulations, the Member concerned should take into consideration such elements as the value or other importance of imports in respect of the importing and/or exporting Members concerned, whether from other Members individually or collectively, the potential growth of such imports, and difficulties for producers in other Members to comply with the proposed technical regulations. The concept of a significant effect on trade of other Members should include both import-enhancing and import-reducing effects on the trade of other Members, as long as such effects are significant.

4. TRANSLATION OF DOCUMENTS RELATING TO NOTIFICATIONS AND ADDRESS OF BODY SUPPLYING THE DOCUMENTS:

Background and purpose:

In order to avoid difficulties that can arise from the fact that the documentation relevant to technical regulations, standards and procedures for assessment of conformity is not available in one of the WTO working languages and that a body other than the enquiry point may be responsible for such documentation, the Committee agreed on the following procedures:

Recommendation:

When a Member seeks a copy of a document relating to a notification which does not exist in that Member's WTO working language, it will be advised, on request, by the notifying Member of other Members that have requested, as of that date, a copy of the document. The Member seeking a copy of a document relating to a notification may then contact such other Members in order to determine whether the latter are prepared to share, on mutually agreed terms, any translation that they have or will be making into relevant WTO working language(s).

Decisions:

- (a) When a translation of a relevant document exists or is planned, this fact shall be indicated on the WTO TBT notification form next to the title of the document. If only a translated summary exists, the fact that such a summary is available shall be similarly indicated;
- (b) Upon receipt of a request for documents, any translated summaries that exist in the language of the requester or, as the case may be, in a WTO working language, shall be automatically sent with the original of the documents requested;
- (c) Members shall indicate under point 11 of the WTO TBT notification form the exact address, telephone and fax numbers of the body responsible for supplying the relevant documents if that body is not the enquiry point.

5. PROCESSING OF REQUESTS FOR DOCUMENTATION:

Background:

The Committee addressed the problems of supplying and obtaining requested documentation on notified technical regulations and procedures for assessment of conformity as follows:

Recommendations:

- (a) requests for documentation should contain all the elements permitting the identification of the documents and in particular, the WTO TBT notification number (G/TBT/Notif. ...) to which the requests refer. The same information should appear on the documents supplied in response to such requests;
- (b) any request for documentation should be processed if possible within five working days. If a delay in supplying the documentation requested is foreseen, this should be acknowledged to the requester.

6. LENGTH OF TIME ALLOWED FOR COMMENTS:

Background:

The Committee set the following time limits for presentation of comments on notified technical regulations and procedures for assessment of conformity.

Recommendation:

The normal time limit for comments on notifications should be sixty days. A Member may, if necessary, however, indicate in its notification that it will proceed to implement the proposed measure after forty-five days if no comments or requests for extension of the time limit have been received from other Members within that time. Any Member which is able to provide a time limit beyond sixty days is encouraged to do so.

7. HANDLING OF COMMENTS ON NOTIFICATIONS:

Background and Purpose

In order to improve the handling of comments on proposed technical regulations and procedures for assessment of conformity submitted under Articles 2.9.4, 2.10.3, 3.1 (in relation to 2.9.4 and 2.10.3), 5.6.4, 5.7.3 and 7.1 (in relation to 5.6.4 and 5.7.3) of the Agreement, the Committee agreed on the following procedures.

Recommendations:

- (a) each Member should notify the WTO secretariat of the authority or agency (e.g. its enquiry point) which it has designated to be in charge for handling of comments received, and
- (b) a Member receiving comments through the designated body should without further request
 - (1) acknowledge the receipt of such comments,
 - (2) explain within a reasonable time to any Member from which it has received comments, how it will proceed in order to take these comments into account and, where appropriate, provide additional relevant information on the proposed technical regulations or procedures for assessment of conformity concerned, and
 - (3) provide to any Member from which it has received comments, a copy of the corresponding technical regulations or procedures for assessment of conformity as adopted or information that no corresponding technical regulations or procedures for assessment of conformity will be adopted for the time being.

8. DECISION RELATING TO NOTIFICATIONS:

Labelling Requirements

Background and purpose:

With the purpose of clarifying the coverage of the Agreement with respect to labelling requirements, the Committee on Technical Barriers to Trade took the following decision.

Decision:

In conformity with Article 2.9 of the Agreement, Members are obliged to notify all mandatory labelling requirements that are not based substantially on a relevant international standard and that may have a significant effect on the trade of other Members. That obligation is not dependent upon the kind of information which is provided on the label, whether it is in the nature of a technical specification or not.

D. PROCEDURES FOR INFORMATION EXCHANGE

1. REGULAR MEETINGS:

Background and purpose:

In order to give Members the opportunity to discuss the activities and problems relating to information exchange the Committee took the following action.

Decision:

Regular meetings of persons responsible for information exchange including persons responsible for enquiry points will be held on a biennial basis. Representatives of interested observers will be invited to participate in such meetings. The meetings will deal only with technical issues, leaving any policy matters for consideration by the Committee itself.

2. BOOKLETS ON ENQUIRY POINTS:

Background and purpose:

In order to improve publicity concerning the role of enquiry points in answering queries from Members as provided in Articles 10.1 and 10.3 of the Agreement the Committee took the following action.

Recommendations:

3. ENQUIRIES WHICH THE ENQUIRY POINTS SHOULD BE PREPARED TO ANSWER:

Background and purpose:

With a view to encouraging a uniform application of Articles 10.1 and 10.3 of the Agreement the Committee took the following action.

Recommendation:

- (a) (i) An enquiry should be considered "reasonable" when it is limited to a specific product, or group of products, but not when it goes beyond that and refers to an entire business branch or field of regulations, or procedures for assessment of conformity.
- (ii) When an enquiry refers to a composite product, it is desirable that the parts or components, for which information is sought, are defined to the extent possible. When a request is made concerning the use of a product it is desirable that the use is related to a specific field.
- (b) The Enquiry Point(s) of a Member should be prepared to answer enquiries regarding the membership and participation of that Member, or of relevant bodies within its territory, in international and regional standardizing bodies and conformity assessment systems as well as in bilateral arrangements, with respect to a specific product or group of products. They should likewise be prepared to provide reasonable information on the provisions of such systems and arrangement.

4. HANDLING OF REQUESTS:

Background and purpose:

The purpose is to improve the handling of requests from other Members received under Article 10.1 and 10.3.

Recommendation:

An enquiry point should, without further request, acknowledge the receipt of the enquiry.
