AGREEMENT ON TEXTILES AND CLOTHING

Notification under Article 2.1

United States

The Textiles Monitoring Body has received a notification from the United States, pursuant to paragraph 1 of Article 2.

The TMB, in accordance with paragraph 2 of Article 2, is circulating this notification to WTO Members for their information.

UNITED STATES TRADE REPRESENTATIVE
Geneva, Switzerland

1 March 1995

Mr. András Szepesi
Chairman
Textiles Monitoring Body
World Trade Organization
Geneva, Switzerland

Dear Mr. Chairman,

Attached please find the notifications from the United States of America made pursuant to Article 2.1 and Article 3.1* of the Uruguay Round Agreement on Textiles and Clothing (ATC).

Notifications under Article 2.1 have been made concerning measures applying to the following Members of the WTO:

Bahrain
Bangladesh
Brazil
Costa Rica
Czech Republic
Dominican Republic
Hong Kong
Hungary
India
Indonesia
Jamaica
Kenya
Korea
Macau
Malaysia
Mauritius
Pakistan
Philippines
Romania¹
Singapore
Slovak Republic
Sri Lanka

¹The enclosed notification is made without prejudice to the United States' invocation of Article XIII of the WTO Agreement with respect to Romania.

*Details of the notification under Article 3.1 are contained in G/TMB/N/66.

Thailand
Turkey
Uruguay

In addition, enclosed are filings under Article 3.1* for the following Members of the WTO:

Kuwait
Mexico
Myanmar
Pakistan²

Furthermore, the United States hereby notifies the TMB that we currently have bilateral textile agreements containing quantitative restrictions maintained under Article 4 or notified under Article 7 or 8 of the MFA with the states or separate customs territories listed below who are not yet members of the WTO. Although we are enclosing notifications for these states or separate customs territories, the United States notes that these notifications are for information purposes only. These notifications do not indicate or imply that the United States will accord the benefits of the ATC to non-members. At such time as such states or separate customs territories may become members of the WTO, the United States will apply the relevant provisions of the ATC to such WTO Members and will so notify the TMB.

The notifications for information purposes for non-WTO Members under Article 2.1 are those for the following:

Bulgaria
China
Chinese Taipei
Colombia
Egypt
El Salvador
Fiji
Guatemala
Nepal
Oman
Poland
United Arab Emirates

²The notification for Pakistan under Article 3 lists two restrictions that were the subject of an agreement between the United States and Pakistan involving market access commitments on the part of Pakistan. It is the intention of the United States, as noted in this notification, to eliminate the restrictions contained in this Article 3 notification as soon as Pakistan files its notification to bind its tariffs in accordance with the agreement between the United States and Pakistan.

*Details of the notification under Article 3.1 are contained in G/TMB/N/66.

The notifications for information purposes for non-WTO Members under Article 3.1 are those for the following.* The United States notes that these notifications are for information purposes only. These notifications do not indicate or imply that the United States will accord the benefits of the ATC to non-members.

Haiti
Laos
Former Yugoslav Republic of Macedonia
Qatar
Ukraine

In addition, we would like to note that the notifications for Sri Lanka, Hungary and Indonesia as well as the informational notification for Guatemala incorporate the results of consultations held during early 1995. While these agreements involve issues raised during 1994 and the establishment of 1994 levels, the press of our negotiating schedule left us unable to complete these consultations until after the date of entry into force of the WTO Agreement. The agreement with Sri Lanka includes the results of our consultations to convert an 18-month agreement, into a calendar year agreement, pursuant to Article 2.3 of the ATC.

Finally, we would note that included are notifications under Article 3 regarding the Special Access Programme maintained by the United States for textile goods imported from participants in the Caribbean Basin Economic Recovery Act (CBERA).^{*} This programme provides additional access through the establishment of Guaranteed Access Levels (GALs) for textile goods made with US cut and formed fabric that are sewn or assembled in a CBERA country and returned to the United States. The notification notes the GAL levels in place for the following countries:

Costa Rica
Dominican Republic
El Salvador
Guatemala
Haiti
Jamaica

Sincerely,

William Tagliani
Attaché

^{*}Details of the notification under Article 3.1 are contained in G/TMB/N/66.
