7. FINANCIAL SERVICES				
<p>Sweden is undertaking commitments in financial services in accordance with the Understanding on Commitments in Financial Services (Understanding) and subject to the Ministerial Decision on Financial Services as well as the Second Annex on Financial Services.</p> <p>Subject to conditions and qualifications listed below, market access commitments are bound to the extent of the obligations in the Understanding.</p> <p>For the purpose of scheduling commitments in accordance with the Understanding the following applies:</p> <p>It is understood that a commitment to the obligations set out in paragraph 3 of the Understanding implies a right for a non-resident supplier to, in the territory of Sweden, actively promote a service, approach a resident purchaser, and to deliver the service. However, a commitment to an obligation under that paragraph does not imply that the supplier has any right to have a permanent physical representation in Sweden. In addition, it is understood that a commitment to the obligations set out in paragraph 4 implies that a purchaser in the territory of Sweden has the right to approach a non-resident service supplier, to conclude an agreement and to have the service, including any remedies connected to the service, delivered in the territory of Sweden, without any physical movement of the purchaser. It is also understood that limitations on the commitments to the obligations under paragraph 3, do not affect the right of a service supplier to deliver a service, and the rights of a purchaser to have a service delivered, wherever a commitment to an obligation under paragraph 4 is applicable.</p> <p>Moreover, it is understood that non-discriminatory limitations on juridical form for incorporation in Sweden of financial service suppliers do not constitute a restriction on commercial presence, nor do non-discriminatory residency requirements.</p> <p>Furthermore, it is understood that non-discriminatory authorization requirements do not constitute limitations on the supply of financial services by non-resident suppliers.</p>
