COMMISSION IMPLEMENTING REGULATION (EU) .../...

of **XXX**

**laying down administrative requirements for the approval and market surveillance of
motor vehicles and their trailers, and of systems, components and separate technical
units intended for such vehicles**

COMMISSION IMPLEMENTING REGULATION (EU) .../...

of **XXX**

laying down administrative requirements for the approval and market surveillance of motor vehicles and their trailers, and of systems, components and separate technical units intended for such vehicles

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to [Regulation \(EU\) 2018/858 of the European Parliament and of the Council of 30 May 2018 on the approval and market surveillance of motor vehicles and their trailers, and of systems, components and separate technical units intended for such vehicles, amending Regulations \(EC\) No 715/2007 and \(EC\) No 595/2009 and repealing Directive 2007/46/EC¹](#), and in particular Articles 24(4), 28(3), 30(3), 36(4), 38(3), 41(4), 42(5), 44(5) and 45(7) thereof,

Whereas:

- (1) In the interest of clarity, predictability and simplification the documents used for type-approval of motor vehicles and their trailers, and of systems, components and separate technical units intended for such vehicles should be simplified and standardised to reduce the burden on vehicle manufacturers, based on existing practice.
- (2) In order to increase transparency and to ensure that the required type-approval information is consistently presented, the templates for type-approval certificates should be laid down.
- (3) In order to ensure a harmonised presentation of the document issued by manufacturers to certify that a produced vehicle conforms to the approved type, templates for certificates of conformity should be established. In the interests of clarity, the date of manufacture of the vehicle should be added to the certificate of conformity.
- (4) In order to clearly identify the legal acts that apply to the vehicles, systems, components or separate technical units a harmonised system of numbering of type-approval certificates should be established.
- (5) The presentation of the most relevant information in test reports should be harmonised. It is therefore necessary to establish a minimum set of requirements for the format of the test reports.
- (6) In order to better identify the results of the tests carried out on the approved vehicle type a harmonised test result sheet, containing a minimum set of information, should be established.
- (7) Compliance with this Regulation should be mandatory as of 1 September 2020. However, to allow manufacturers to apply for a type-approval under Regulation (EU) 2018/858 and to certify that new vehicles fulfil the requirements of that Regulation

¹ OJ L [151](#), [14.6.2018](#), p. 1.

before 1 September 2020 in accordance with the third paragraph of Article 91 of that Regulation, this Regulation should apply from 5 July 2020.

- (8) The empowerments contained in Articles 24(4), 28(3), 30(3), 36(4), 38(3), 41(4), 42(5), 44(5) and 45(7) of Regulation (EU) 2018/858 aim at the introduction of harmonised templates, models and formats necessary for the approval of motor vehicles and their trailers, and of systems, components and separate technical units intended for such vehicles, and for placing them on the market. As those empowerments are closely linked by their subject matter, they should be bundled for the purposes of this Regulation.
- (9) The measures provided for in this Regulation are in accordance with the opinion of the Technical Committee – Motor Vehicles (TCMV),

HAS ADOPTED THIS REGULATION:

Article 1

Templates for the information document

1. The template laid down in Annex I to this Regulation shall be used for the information document referred to in Article 24(1)(a) of Regulation (EU) 2018/858 for the purposes of the following EU type-approvals:
 - (a) the whole-vehicle single-step type-approval;
 - (b) the whole-vehicle mixed type-approval;
 - (c) the whole-vehicle multi-stage type-approval;
 - (d) the type-approval of systems, components or separate technical units.
2. The template laid down in Annex II to this Regulation shall be used for the information document referred to in Article 24(1)(a) of Regulation (EU) 2018/858 for the purposes of the EU whole-vehicle step-by-step type-approval.

Article 2

Templates for EU type-approval certificates, including EU type-approval certificates for vehicles produced in small series, and EU individual vehicle approval certificates

1. Model A of Annex III to this Regulation shall be used for the type-approval certificate referred to in Article 28(1) of Regulation (EU) 2018/858, use where that certificate concerns an EU whole-vehicle type-approval, and for the type-approval certificate referred to in Article 41(3) of Regulation (EU) 2018/858.
2. Model B of Annex III to this Regulation shall be used for the type-approval certificate referred to in Article 28(1) of Regulation (EU) 2018/858 where that certificate concerns an EU system type-approval.
3. Model C of Annex III to this Regulation shall be used for the type-approval certificate referred to in Article 28(1) of Regulation (EU) 2018/858 where that certificate concerns an EU component type-approval or an EU separate technical unit type-approval.

4. Model D of Annex III to this Regulation shall be used for the approval certificate referred to in Article 44(4) of Regulation (EU) 2018/858.

Article 3

Templates for national type-approval certificates for vehicles produced in small series and national individual vehicle approval certificates

1. Model A of Annex III to this Regulation shall be used for the type-approval certificate referred to in Article 42(4) of Regulation (EU) 2018/858.
2. Model E of Annex III to this Regulation shall be used for the individual approval certificate referred to in Article 45(5) of Regulation (EU) 2018/858.

Article 4

Numbering system for approval certificates

The approval certificates referred to in Articles 28(2), 41(3), 42(4), 44(4) and 45(6) of Regulation (EU) 2018/858 shall be numbered in accordance with the method set out in Annex IV to this Regulation.

Article 5

Model for the EU type-approval mark for components and separate technical units

The model laid down in Annex V to this Regulation shall be used for the EU type-approval mark for components and separate technical units referred to in Article 38(2) of Regulation (EU) 2018/858.

Article 6

Template for the test results sheet

The template laid down in Annex VI to this Regulation shall be used for the test results sheet referred to in Article 28(1)(b) of Regulation (EU) 2018/858.

Article 7

Format of test reports

The approval authority of each Member State shall lay down the template for the test report referred to in Article 30(2) of Regulation (EU) 2018/858 in accordance with the format laid down in Annex VII to this Regulation.

Article 8

Templates and other requirements for certificates of conformity

The templates and requirements laid down in Annex VIII to this Regulation shall be used for the paper format of the certificate of conformity referred to in Article 36(1) of Regulation (EU) 2018/858.

Article 9

Transitional provisions

Until 31 August 2020, Articles 1 to 8 shall apply only in respect of vehicle types or vehicles complying with Regulation (EU) 2018/858 where a manufacturer submits a request in accordance with the third paragraph of Article 91 of that Regulation.

Article 10

Entry into force and application

This Regulation shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.

It shall apply from 5 July 2020.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels,

For the Commission
The President
Jean-Claude Juncker
