Description: Products covered: Heat pumps (ICS 27.080), Refrigerating technology (ICS 27.200).

This addendum concerns the notification of the Ministerial Decree No. 610 /2020 (4 pages, in Arabic) that gives the producers and importers a six-month transitional period to abide by the Egyptian Standard ES 5056-3 for "Refrigerating systems and heat pumps — Safety and environmental requirements — Part 3: Installation site" (21 page(s), in Arabic).

It should be noted that the draft of this Egyptian standard was formerly notified in G/TBT/N/EGY/273 dated 5 October 2020.

Worth mentioning is that this standard is technically identical with ISO 5149-3:2014 (Confirmed in 2020).

Producers and importers are kept informed of any amendments in the Egyptian standards through the publication of administrative orders in the official gazette.

Proposed date of adoption: 4 December 2020.

¹ This information can be provided by including a website address, a pdf attachment, or other information on where the text of the final/modified measure and/or interpretive guidance can be obtained.

Proposed date of entry into force: 15 January 2021.
