The following communication, dated 7 June 2021, is being circulated at the request of the Coordinator of the Informal Working Group on MSMEs.

We, the Heads of Delegations representing the following Members of the WTO: [...],

Acknowledging that the integration of Micro, Small and Medium-sized Enterprises (MSMEs) in international trade enhances their contribution to the economic development of WTO Members, as sources of job creation, innovation, entrepreneurship and economic growth;

Stressing that promotion of the participation of MSMEs in international trade is therefore an important issue in the WTO agenda;

Supporting the efforts of WTO Informal Working Group on MSMEs on the collection and publication of MSME-specific COVID-related support measures and promoting further exchange of views and best practices on this issue;

Recalling the centrality of the multilateral trading system, with the WTO at its core to foster a transparent and predictable global trade environment where MSMEs can compete on a level-playing field;

Reaffirming our pledge, as contained in our Joint Ministerial Statement at Buenos Aires¹, to address obstacles related to foreign trade operations that represent a significant burden for MSMEs interested in participating in international trade;

Reiterating our resolve to favour horizontal and non-discriminatory solutions which are likely to yield benefits for the participation of MSMEs in international trade, taking into account the specific needs of developing Members and least developed countries;

Desiring to support the consideration of MSME-related issues in the regular work of WTO bodies and any other relevant work in the WTO;

3.2. The IWG will continue monitoring the recommendations and declarations set out in paragraph 1.

3.3. The IWG will pursue its work on the basis of the Buenos Aires Joint Ministerial Statement (WT/MIN(17)/58/Rev.1), recommendations and declarations set out in paragraph 1.1 and will consider proposals submitted by members as well as any other inputs the IWG deems relevant in consistence with paragraph 3.1.
