**TECHNICAL COOPERATION ACTIVITIES:
INFORMATION FROM MEMBERS**

EUROPEAN UNION

The following communication, dated 3 October 2022, is being circulated at the request of the delegation of the European Union.

INTRODUCTION

This document provides information on the implementation of Article 67 of the TRIPS Agreement. It concerns the technical cooperation activities carried out between July 2021 and July 2022 by the European Union and individual EU Members States in favour of developing and least developed country Members, with the objective to facilitate the implementation of the TRIPS Agreement.

ANNEX¹

1 EUROPEAN UNION

Name of programme or project	ASEAN Regional Integration Support from the EU (ARISE Plus) – Component 2: Intellectual Property Rights (ARISE+ IPRs)
Date and end date	1 January 2018 - 31 December 2022
Beneficiary Member(s) or observer(s)	Brunei Darussalam; Cambodia; Indonesia; Lao People's Democratic Republic; Malaysia; Myanmar; Philippines; Singapore; Thailand; Viet Nam
Brief description	<p>The ARISE Plus Intellectual Property Rights (ARISE+ IPRs) programme is one of the components under the Enhanced ASEAN Regional Integration Support from the European Union or ARISE Plus. The five-year, EUR 5.5 million ARISE+ IPRs programme builds on the strong cooperation developed between the EU and the ASEAN members in the area of intellectual property and supports ASEAN in meeting its goals set out in the ASEAN IPRs Action Plan 2016 – 2025. The specific objective of ARISE+ IPRs is to "support ASEAN regional integration and further upgrade and improve the systems for IP creation, protection, utilization, administration and enforcement in the ASEAN region, in line with international IP best practice and standards and the recently approved ASEAN IPRs Action Plan 2016-2025". ARISE+ IPRs covers trademarks, industrial designs, geographical indications and enforcement. ARISE+ IPRs comprises four components:</p> <p>Expected Result 1: Enhanced regional IP platforms and network of strengthened and more efficient ASEAN IP Offices delivering timely, quality and accessible trademark and design services to stakeholders, including the business community.</p> <p>Expected Result 2: Effective participation of the ASEAN Members in global protection systems and other relevant international treaties in the IP field.</p> <p>Expected Result 3: Increased awareness on the importance of IP protection in the ASEAN society and improved capacity of the productive sector to create, protect, utilize, commercialize and enforce their IP rights in the ASEAN region.</p> <p>Expected Result 4: Strengthened capacity of the IP administration in Cambodia, Lao People's Democratic Republic and Myanmar to fully participate in the project initiatives and promote innovation in their countries.</p>
Beneficiary institution or audience	Department of Intellectual properties in the ASEAN Member states
Technical cooperation provider(s)	European Union Intellectual Property Office (EUIPO)

¹ In original language only.

Name of programme or project	ASEAN Regional Integration Support from the EU (ARISE Plus) – Component 2: Intellectual Property Rights (ARISE+ IPRs)
Outputs or impact	<p>Output 1.1: Improved IP administration frameworks by delivering timely, quality, and accessible trademark and industrial design services through automation and enhanced human resource capacity</p> <p>Output 1.2: Convergence of practice in the areas of trademarks, industrial designs, and geographical indications</p> <p>Output 1.3: Support to the ASEAN Regional IT Tools</p> <p>Output 1.4: Technical Support to the Creation of an ASEAN IP Academy</p> <p>Output 2.1: Legal and Technical Support to the Implementation of Global and IP Protection Systems and the effective use of the international classification systems</p> <p>Output 3.1: Enhanced the Capabilities of the SMEs and creative sectors to use the trademark and design systems to protect their creations</p> <p>Output 3.2: Effective use of geographical indications (GIs) in ASEAN</p> <p>Output 3.3: Support to IPRs Enforcement in the ASEAN Region</p> <p>Output 4.1: Improved IP Administrations in Cambodia and Lao People's Democratic Republic</p> <p>Output 4.2: Support to the IP institution building in Myanmar and the development of the national IP system</p> <p>Results achieved: During the inception period and the first year of implementation 23 activities were organised, focusing mainly on capacity building of the ASEAN IP Offices, particularly through technical support activities and training. A regional approach was used for all activities and gender-balance of participants was ensured as much as possible.</p>

Name of programme or project	IP Key Latin America
Date and end date	1 September 2017 - 31 August 2021
Beneficiary Member(s) or observer(s)	Argentina; Plurinational State of Bolivia; Brazil; Chile; Colombia; Costa Rica; Ecuador; El Salvador; Guatemala; Honduras; Mexico; Nicaragua; Panama; Paraguay; Peru; Uruguay; Bolivarian Republic of Venezuela
Brief description	IP Key LA is the European Commission's programme to implement the objectives of the European Union (EU) in the area of intellectual property rights, through international cooperation with Latin American countries. Based on Grant Agreement PI/2017/385326 signed between the EU and the EUIPO on 11 May 2017, it is co-funded and implemented by the European Union Intellectual Property Office (the EUIPO). It has a duration of 4 years (48 months), commencing on 1 September 2017, and a total estimated cost of EUR 6,000,000. The overall objective of the programme is to promote a level playing field for European Union companies operating in LA by contributing to greater transparency and fair implementation of the IPR protection and enforcement system in LA.
Beneficiary institution or audience	EU businesses will benefit from improved IPR protection as well as from the achievement of adequate and effective functioning of IP administration and enforcement procedures in LA. Furthermore, companies and right-holders should benefit from an increase in the technical expertise of LA countries and organizations on how to improve IPR related laws and proper implementation of trade agreements with the EU. EU businesses will also benefit from enhanced access for EU users to IP information of LA IPO databases, which is crucial to their business and IP protection strategies abroad. These will be facilitated by the implementation of innovative tools and databases created by the European Trade Mark and Design Network (ETMDN). The final beneficiaries will be reached mainly through active involvement of key business support and multiplier organizations operating in Europe and LA, as well as industry representatives and umbrella organisations. At the same time, LA innovative and creative business will take due advantage of such improvements in the level of protection and in the efficiency of enforcement of IPR which should, to a certain extent, enhance international trade and make the economies of the region more attractive to foreign investments.
Technical cooperation provider(s)	EUIPO

Name of programme or project	IP Key Latin America
Outputs or impact	<p>OUTPUT OR IMPACT</p> <p>R.1. Substantive support for the preparation and development of FTA negotiations. The expected result of the project is to obtain data and information on local IPR legislation, protection and enforcement to assist the European Commission in the preparation, negotiation and implementation of FTAs in the region such as national or regional case law and the IPR institutional framework and resources.</p> <p>R.2. Information collection and strategic analysis to prepare regional integration in Central America. Under this result, the project activities provide a detailed overview of the situation regarding IPR legislation, protection and enforcement and the capacity and efficiency of the IPR offices and institutions the relevant countries. Encouraging and improving regional cooperation and integration on the processing and enforcement of IPR would support EU businesses operating across the region.</p> <p>R.3. Effective Support for IP Dialogue and Sub-Committees and Implementation of FTAs Under this result, appropriate actions are to be delivered in accordance with the decisions and indications that emerge from discussions during the existing and future IP Dialogues and Sub-Committees held by the EU with LA countries. The Action also proposes interventions that assist the various countries involved in LA with obligations arising from the commitments taken in the context of the trade agreements with the EU. The Action also includes the provision of ad-hoc support, in the form of support activities relevant IP Working Groups.</p> <p>R.4. Improved IP administration and enforcement practices including the increased use of IP information technology tools and the establishment of an Enforcement Network. The Action is targeting an increased uptake of EU IT tools by the local IP Offices to improve access to the IP system and to facilitate processing of IP applications and registrations. It will also comprise outspreading the EU approach in the elaboration of laws and development of best practices directed towards ensuring an efficient and transparent administration of IPRs. As regards enforcement, the action will be based on the development of enforcement networks in support of increasing the effectiveness of ICT tools and as well as on the exchange of best practices as regards IPR enforcement.</p> <p>R.5. Awareness raised on the importance of Intellectual Property, its protection and enforcement. This result should be attained by organising/supporting actions directed towards the promotion of the understanding of the importance of IP protection from the perspective of social and economic development, and to favour foreign investment. R.6. Improved information sharing through information management system (IMS) and document repository. In order to ensure a sufficient institutional memory and easy accessibility by all interested stakeholders of the documents emanating from the project (such as reports, studies, surveys), an information management system will be set up and a document repository created.</p>

2 EUROPEAN UNION MEMBER STATES

2.1 Denmark

The Danish Patent and Trademark Office (DKPTO) cooperates in partnerships with offices outside the EU. The objective of these partnerships, which are funded by bilateral and multilateral donors, is to exchange best practices on protection and enforcement of IPRs and to support the partners in enhancing their capacity along this domain. Each partnership has its own priorities and each partner its preferred fields of cooperation. Many of the partnerships target both issues relating to the core competencies of the IP office as well as issues outside the scope of statutory tasks.

Name of programme or project	Strategic Sector Cooperation (SSC) on Innovation and Digital – Phase II
Date and end date	1 January 2019 - 30 June 2023
Beneficiary Member(s) or observer(s)	Brazil
Brief description	The IPR capacity building part of the SSC will focus on improving the examination process of both patents and trademarks, providing tailored training based on Danish best practices This includes introduction of quality aspects, raising awareness and establishing networks focusing on IPR and its importance.
Beneficiary institution or audience	Instituto Nacional da Propriedade Industrial (INPI), Brazil
Technical cooperation provider(s)	Danish Patent and Trademark Office (DKPTO)
Outputs or impact	Better regulation and speeding up processes in the fields of patent and trademarks. Implementation of the Madrid Protocol. Business service strategy - operations and implications.
