The threshold levels provided above will apply to the period starting on 1 January 2020 and ending on 31 December 2021.

### 3 METHOD OF CALCULATION

The calculation of the thresholds is based on the average of the daily exchange rates of the US dollar (USD) in terms of the Special Drawing Right (SDR) over the two-year period of November 2017 to October 2019 (SDR 1 = USD 1.40168348).

<sup>1</sup> The Secretariat notes that the Protocol amending the Agreement on Government Procurement has entered into force for the United States on 6 April 2014 and that the United States' threshold values as expressed in SDR are the same under the revised and the 1994 Agreement.
